

Hello,

My name is Kelsee Bensley and I am a part of the special education team for TTUSD, and specifically at Tahoe Lake Elementary. In my role, I get the pleasure of serving some of our most exceptional students and families. It is truly incredible to provide the quality of programming we do for some of our most vulnerable learners (e.g., non-vocal (Yet!), Assistive Technology communication users, dually qualified multilingual learners, etc.). During my 7 years with the district, our TLE special education team has built MTSS structures to support some of TTUSD's most exceptional learners, even in the face of a pandemic. Due to the board's support and Annamarie and Stephanie's leadership, we are truly able to hold high expectations for all students and that is not something every special education teacher gets to share or experience.

I'd like to take a moment to thank the board for your support in building a program that brings our special education team great pride.

Thank you for providing my team and I with the support needed to help our most vulnerable kids thrive and meet their potential.

Sincerely,
Kelsee Bensley
