The District has several projects that will be funded partially or fully with developer fees over the next several years. These planned projects are as follows:

- a. The District recently performed phone and communication system improvements at all sites. These improvements were financed through a capital lease agreement. Developer fees will be used to fund a portion of the annual debt service through 2021.
- b. The Measure E and Measure U Bond programs will provide much needed facility improvements at all of our school sites. These improvements include the expansion, reconstruction, and modernization of Tahoe Lake Elementary School, Kings Beach Elementary School, Truckee Elementary School, Donner Trail Elementary School, and Truckee High School. These projects include replacing existing portable classrooms with permanent construction. The District has allocated approximately \$9, 800,000 in developer fees to fund a portion of these improvements. These projects should be complete by 2021.
- c. In September 2019, the District issued \$40 million in Certificates of Participation (“COPs”) to supplement funding for capital improvements

associated with the Measure E and Measure U Bond Programs. Funding will support improvements at: Tahoe Lake Elementary School, Kings Beach Elementary School, Truckee Elementary School, Truckee High School, and North Tahoe School/High School. Developer Fees will be used to finance the annual debt service for the COPs.

III. Proposed Five (5) Year Findings With Respect to Remaining Developer Fees Unexpended, Whether Committed or Uncommitted In Accordance with Government Code Section 66001

In accordance with Government Code Section 66001, the District must make certain findings with respect to any unexpended developer fees that were deposited into the account at least five years ago. The District has determined that there are no monies remaining in the developer fee fund that meet the criteria set forth in Section 66001(d). Therefore, the District is not required to make these findings in 2019 - 2020.
