ACTION REQUESTED

Approve Resolution and Recognition for School Board Appreciation Month – January 2023

BACKGROUND INFORMATION

Public schools are the most universal and the most intimate of our social institutions. A central role in this democratic tradition is played by publicly elected school boards. In addition to overseeing educational quality at school districts and county boards of education, the board trustees also take on a range of duties away from the classroom. This includes decision-making and direction on budgets, staffing, facilities upkeep and development, food services for Preschoolers to Adults, sports programs, and other issues.

The Tahoe Truckee Unified School District recognizes and values the importance of this work and contributions of our excellent board.
