#### INDEPENDENT AUDITOR'S REPORT

Board of Trustees Tahoe Truckee Unified School District Truckee, California

#### **Report on the Financial Statements**

We have audited the accompanying financial statements of Tahoe Truckee Unified School District (the "District") Measure E General Obligation Bonds (the "Bonds") activity included in the Building Fund of the District, as of and for the year ended June 30, 2020, and the related notes to the financial statements, as listed in the table of contents.

#### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

#### Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of risk of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design the audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting principles used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

# Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Tahoe Truckee Unified School District (the "District") Measure E General Obligation Bonds activity as of June 30, 2020, and the changes in financial position thereof for the year then ended, in accordance with accounting principles generally accepted in the United States of America.

#### Emphasis of Matter

As discussed in Note 1, the financial statements present the financial activity and balances of the Measure E General Obligation Bonds activity only, and do not purport to, and do not, present fairly the financial position of Tahoe Truckee Unified School District, as of June 30, 2020 or the changes in its financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

#### Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated March 11, 2021 on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters for Measure E General Obligation Bonds activity. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control over financial reporting or on compliance for Measure E General Obligation Bonds activity. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and for the Measure E General Obligation Bonds activity.

#### **NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

The accounting policies of Tahoe Truckee Unified School District (the "District") conform to accounting principles generally accepted in the United States of America as applicable to governments and to general practices within California school districts. The District accounts for its financial transactions in accordance with policies and procedures of the Department of Education's *California School Accounting Manual*. The activities of the Measure E Bonds are recorded along with other activities in the District's Building Fund. The accounting policies of the District conform to accounting principles generally accepted in the United States of America as prescribed by the Governmental Accounting Standards Board (GASB). The following is a summary of the more significant accounting policies:

<u>Financial Reporting Entity</u>: The financial statements include the activity and balances of the Measure E General Obligation Bonds, only. The activities of the Measure E General Obligation Bonds are recorded along with other activities in the District's Building Fund. These financial statements are not intended to present the financial position and results of operations of Tahoe Truckee Unified School District as a whole.

<u>Basis of Accounting</u>: Basis of accounting refers to when revenues and expenditures or expenses are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of measurement made, regardless of the measurement focus applied.

The basic financial statements are presented on the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recorded when susceptible to accrual; i.e., both measurable and available. "Available" means collectible within the current period or within 60 days after year end. Expenditures are generally recognized under the modified accrual basis of accounting when the related liability is incurred. The exception to this general rule is that principal and interest on general obligation long-term liabilities, if any, is recognized when due.

<u>Budgets and Budgetary Accounting</u>: Annual budgets are adopted on a basis consistent with generally accepted accounting principles for all government funds. By State law, the District's Measure E Oversight Committee and Board of Trustees must adopt a final budget no later than July 1. A public hearing must be conducted to receive comments prior to adoption.

The Board of Trustees and Superintendent revise the budgets during the year to give consideration to unanticipated income and expenditures.

Formal budgetary integration was employed as a management control device during the year for all budgeted funds. The District employs budget control by minor object and by individual appropriation accounts. Expenditures cannot legally exceed appropriations by major object account.

<u>Interfund Activity</u>: Transactions between funds of the District are recorded as interfund transfers. The unpaid balances at year end, as a result of such transactions, are shown as due to and due from other funds. There were no transfers in the fiscal year.

<u>Accounting Estimates</u>: The presentation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenditures during the reporting period. Actual results could differ from those estimates.

<u>Encumbrances</u>: Encumbrance accounting is used in all budgeted funds to reserve portions of applicable appropriations for which commitments have been made. Encumbrances are recorded for purchase orders, contracts, and other commitments when they are written. Encumbrances are liquidated when the commitments are paid. All encumbrances are liquidated as of June 30.

#### **NOTE 2 – FUND BALANCE CLASSIFICATION**

Governmental Accounting Standards Board Codification Sections 1300 and 1800, Fund Balance Reporting and Governmental Fund Type Definitions (GASB Cod. Sec. 1300 and 1800) implements a five-tier fund balance classification hierarchy that depicts the extent to which a government is bound by spending constraints imposed on the use of its resources. The five classifications are nonspendable, restricted, committed, assigned and unassigned. The fund balance of the Measure E General Obligation Bonds is restricted, as described below.

The restricted fund balance classification reflects amounts subject to externally imposed and legally enforceable constraints. Such constraints may be imposed by creditors, grantors, contributors, or laws or regulations of other governments, or may be imposed by law through constitutional provisions or enabling legislation.

#### NOTE 3 - PURPOSE OF BOND ISSUANCE

<u>Bond Authorization</u>: By approval of the proposition for Measure E by at least 55% of the registered voters voting on the proposition at an election held on November 4, 2014, Tahoe Truckee Unified School District was authorized to issue and sell bonds of up to \$62,000,000 in aggregate principal amount.

<u>Purpose Of Bonds</u>: The proceeds of the Bonds may be used:

"To improve Tahoe area schools with local funding that the State cannot take away, repair/replace roofs, plumbing and electrical systems, provide classrooms, science labs and technology meeting modern academics safety standards and providing a well-rounded education, construct, equip, repair acquire school facilities/equipment to prepare students for college/high-demand jobs, shall Schools Facilities Improvement District No. 2 of the Tahoe-Truckee Unified School District issue \$62,000,000 in bonds at legal rates with independent audits, citizen oversight, and no funds for administrators' salaries?'

As required by the California Constitution, the proceeds from the sale of bonds will be used only for the construction, reconstruction, rehabilitation or replacement of school facilities, including the furnishing and equipping of school facilities and not for any other purpose, including teacher and administrator salaries and other school operating expenses.

<u>Bond Project List</u>: The District's Board of Trustees developed Bond Projects listed below to be undertaken at the following schools for Measure E:

- King Beach Elementary School
- North Tahoe High School
- North Tahoe School
- Tahoe Lake Elementary School
- Rideout School Site including Coldstream Alternative School
- Sierra High Schools
- Maintenance and Operations Warehouse

(Continued)

# NOTE 3 – PURPOSE OF BOND ISSUANCE (Continued)

#### Renovation, Repair and Upgrade Projects

- Repair or replace aging roofs.
- Upgrade inefficient electrical heating and air conditioning.
- Provide additional electrical service capacity to relieve overloaded electrical systems so that it can handle modern instructional technology.
- Replace older windows, ceilings, heating ventilation, air condition and lighting systems with building code compliant, energy efficient systems.
- Upgrade classrooms, science labs, libraries, and other leaning technology so that our students are prepared for college and 21<sup>st</sup> Century careers.
- Renovate existing classrooms to accommodate current curriculum emphasis on science, technology, engineering and math.
- Repair plumbing and bathrooms.
- Acquire modern equipment for career technical education.
- Replace rotted sewer lines.
- Replace maintenance and warehouse operations facility.
- Painting the interior of building, and upgrades to parking lot and drop off area.

# Health, Safety and Energy Efficiency Projects

- Update and construct classrooms, science labs and facilities that meet modern academic and safety standards.
- Replace or update outdated classrooms, restrooms, lighting, plumbing, irrigation, heating and ventilation systems.
- Upgrade fire safety systems, smoke detectors and sprinklers, improve fire safety equipment and fire exit doors to make students safer in the event of an emergency.
- Upgrade emergency communication systems to improve student safety.
- · Keep schools safe and clean.
- Protect student and teacher safety.

# Instructional Technology Upgrade Projects to Provide 21st Century Technology Skills

- Provide and maintain up-to-date technology infrastructure and new educational technologies to improve student learning.
- Upgrade and expand wireless systems, telecommunications. Internet and network connections.
- Upgrade electrical systems and wiring and acquire computer technology.
- Upgrade classrooms for instructional technology to improve student learning in core subjects like science, technology, engineering and math.

#### **NOTE 4 – GENERAL OBLIGATION BOND ISSUANCES**

The bonds are general obligations of the District, and Placer County is obligated to levy ad valorem taxes for the payment of and interest on, the principal of the bonds. The Bond Interest and Redemption Fund is maintained by the County Treasurer and is used to account for both the accumulation of resources from ad valorem tax levies and the payment of interest and redemption of principal of the bonds issued by the District.

<u>Measure E</u>: On March 31, 2015 the District issued 2014 General Obligation Bonds, Series A, totaling \$19,500,000. The bonds bear interest at rates ranging from 1.50% to 4.00% and are scheduled to mature through August 2046.

On December 16, 2016 the District issued 2014 General Obligation Bonds, Series B, totaling \$30,000,000. The bonds bear interest at rates of 5% and are scheduled to mature through August 2042.

On November 8, 2017 the District issued 2014 General Obligation Bonds, Series C, totaling \$12,500,000. The Bonds bear interest at rates of 3% to 5% and are scheduled to mature through August 2036.

#### NOTE 5 - COVID 19 IMPACT

In December 2019, a novel strain of coronavirus surfaced (COVID-19) and spread around the world, with resulting business and social disruption. In response to the pandemic and in compliance with various state and local ordinances, the District closed physical campuses and transitioned to a distance learning model. On March 13, 2020, the Governor of California issued Executive Order N-26 – 20, guaranteeing state funding to support the continued payment of salaries and benefits to all employees through June 30, 2020.

The operations and business results of the District could be adversely affected in the future including a reduction in the level of funding and impact to the timing of cash flows. Accordingly, there is risk of downgrade of the debt issued by the District. In addition, significant estimates may be adversely impacted by national, state and local events designed to contain the coronavirus. For the 2021 school year, the District is offering instruction in formats consistent with local health guidelines. Throughout the pandemic the District has put into practice a number of safety measures to protect students and employees and will continue to revise them as needed.

# INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Board of Trustees
Tahoe Truckee Unified School District
Truckee, California

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States the financial statements of Tahoe Truckee Unified School District (the "District") Measure E General Obligation Bonds (the "Bonds") activity included in the Building Fund of the District, as of and for the year ended June 30, 2020, and related notes to the financial statements and have issued our report thereon dated March 11, 2021.

## **Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered Tahoe Truckee Unified School District's internal control over Measure E General Obligation Bonds activity financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Tahoe Truckee Unified School District's internal control. Accordingly, we do not express an opinion of the effectiveness of Tahoe Truckee Unified School District's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control over that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

# **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the Tahoe Truckee Unified School District Measure E General Obligation Bond activity included in the Building Fund of the District's financial statements are free from material misstatement, we performed tests of the District's compliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under Government Auditing Standards.

## **Purpose of this Report**

This purpose of this report is intended solely to describe the scope of our testing of internal control and compliance and the results of that testing, not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with Governmental Auditing Standards in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
