### **ACTION REQUESTED**

Approve 2021-20221 School Accountability Report Cards

### **BACKGROUND INFORMATION**

Every school in California is required by state law to publish a School Accountability Report Card (SARC). The purpose of the report card is to provide parents and the community with important information about each school. A SARC can be an effective way for a school to report on its progress in achieving goals. The public may also use a SARC to evaluate and compare schools on a variety of indicators.

Although there is great variation in the design of school report cards, they generally begin with a profile that provides background information about the school and its students. The profile usually summarizes the school's mission, goals, and accomplishments. State law requires that the SARC contain the following:

- Demographic data
- School safety and climate for learning information
- Academic data
- School completion rates
- Class sizes
- Teacher and staff information
- Curriculum and instruction descriptions
- Postsecondary preparation information
- Fiscal and expenditure data

Please note that the data in the four sections 1) 19-20 Teacher Preparation and Placement, 2) 19-20 Teachers without Credentials and Misassignments, 3) 19-20 Credentialed Teachers Assigned Out-of-Field, and 4) 19-20 Class Assignments – have not been released due to a delay from the CDE. A revised copy of the SARC will be available once the data has been released.
