ACTION REQUESTED

Review the material for the adoption of K-5 Math Instructional Materials.

BACKGROUND INFORMATION

After a year-long pilot process, reviewing all educational partner feedback, analyzing the data, and receiving additional training, the TTUSD Math Steering Committee recommends the adoption of the following instructional materials:

Great Minds PBC, 2021: Eureka Math² Spanish, Learn K-5, Modules 1-6
Great Minds PBC, 2021: Eureka Math², English, Learn K-5, Modules 1-6

Eureka Math² is an innovative and comprehensive math program that has been designed to help students move beyond the traditional rote memorization and develop a deep understanding of mathematics. The program integrates a range of digital resources and fosters active student participation through engaging discourse.

The Eureka Math² program is designed to provide rigor and support for students so that they can engage in productive struggles and develop critical thinking skills. The modules are structured in a coherent manner that helps students develop a deep understanding of mathematical concepts and principles. The program offers a high degree of flexibility, accessibility, and visibility into student understanding, making math instruction more engaging.

Eureka Math² focuses on real-world problem-solving. The program provides students with ample opportunities to apply their mathematical knowledge to solve real-world problems, which can be applied to real-world situations.

Eureka Math² offers a comprehensive and engaging approach to math education. Its focus is on developing a deep understanding of mathematical concepts and principles.
