BACKGROUND INFORMATION

California Association of Directors of Activities (CADA) began in 1957 as a group of student advisors to get together and share common problems and solutions. CADA is the largest statewide support network for Activity Directors. The California Association of Student Leaders (CASL) was developed as a CADA Board Project to provide a forum for student expression and a learning environment.

The Truckee High School (THS) students will join other Central California high schools to learn leadership skills and develop, implement, and evaluate co-curricular programs. THS students will bring back event ideas and skills to build a positive school culture.

Seven students will participate in this conference.
