Review proposed High School Graduation Requirements for Community Service Hours

BACKGROUND INFORMATION

One of the requirements for high school graduation is that graduating seniors must complete thirty (30) hours of community service.

As we move forward with continued unknowns for our students post-Covid-19, we propose the following schedule for community service hours for graduation requirements:

Class of 2022: waived
Class of 2023: at least 8 hours required
Class of 2024: at least 16 hours required
Class of 2025: at least 24 hours required
Class of 2026: 30 hours required
