May 14, 2025

Elvia Esparza,

Included is a check for the Grant application submitted for ACMS. While I failed to find the original application, attached is a synopsis of the request from our records.

11. Alder Creek Middle School Hien Larson \$2,000 Scholarship funding for 8 students (\$250/each) to attend multi day adventures at Tahoe for ecological investigation and exploring diverse ecosystems

The board granted your organization \$1,500 towards this request.

We wish you much success and appreciate all you do for the children of our community.

Regards,

Brian Marsh
