

DATE: March 13, 2024
TO: Board of Education
FROM: Mrs. Kerstin Kramer, Superintendent Chief Learning Officer
SUBJECT: Student Voice Panel
PRESENTED BY: Annamarie Cohen, Executive Director of Student Services

ACTION REQUESTED

Information and Discussion - The school board will have the opportunity to hear from students from all three TTUSD high schools on topics related to Academics, Social Emotional Well-Being, and High School Campus Life.

BACKGROUND INFORMATION

An important aspect of governing the school district is to engage the stakeholders of the schools in conversation. These conversations or dialogues help us better understand how well our schools prepare students for college, careers, and life after high school. The primary stakeholders of our school are our students. In the 2023-2026 TTUSD strategic plan Support Systems focus area, a priority is to “(2.2) develop opportunities to strengthen student voice, increase engagement, and encourage individual responsibility as a core part of the student experience.” This study session is one opportunity to strengthen student voice.

A panel of students will respond to questions during the board study session to gain a broader representation of student voice. The responses to a wide variety of questions will help the governance team continue to implement the vision of education and develop associated policies.
