Grade(s) Project is for: 5th Number of students benefited: 70

Amount Requested: \$1000.- Name to Appear on Check: Truckee Elementary

Grant Deadline Date: 4-12-23 Project Completion Date: 6-23-2023

→ Total cost ranges from \$1600 - \$1,731. We are securing Measure A site funds to augment and will use some staff and require some parent drive as well.
Explain the purpose of the proposed project, the benefit to students, and how it will be implemented—including a timeline and measurable results:

In order to provide our 5th grade students with an off campus science field trip, other than the fabulous Donner Lake SWEP experiences, we would like to take them to the UNR Planetarium in Reno, Nevada. "UNR offers a NASA-based space mission simulation program utilizing stations from an exhibit that premiered at Space Houston Center." There are currently only 2 locations that offer this in the U.S. Student will engage in a one day experience that incorporates aerospace, science and engineering disciplines aligning with current state standards. Teachers will provide preview and follow up learning experiences

PTO Grant Application Form must be completed and submitted to the PTO Grant Committee.
