Board of Trustees Tahoe Truckee Unified School District Truckee, California

Report on the Audit of the Financial Statements

Opinions

We have audited the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Tahoe Truckee Unified School District, as of and for the year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise Tahoe Truckee Unified School District's basic financial statements as listed in the table of contents.

In our opinion, the accompanying financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of Tahoe Truckee Unified School District, as of June 30, 2022, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards* (*Government Auditing Standards*), issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Tahoe Truckee Unified School District, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Tahoe Truckee Unified School District's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and Government Auditing Standards, we

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud
 or error, and design and perform audit procedures responsive to those risks. Such procedures include
 examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that
 are appropriate in the circumstances, but not for the purpose of expressing an opinion on the
 effectiveness of Tahoe Truckee Unified School District's internal control. Accordingly, no such opinion
 is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that
 raise substantial doubt about Tahoe Truckee Unified School District's ability to continue as a going
 concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis on pages 4 to 15 and the General Fund Budgetary Comparison Schedule, the Schedule of Changes in the District's Total Other Postemployment Benefits (OPEB) Liability, the Schedule of the District's Proportionate Share of the Net Pension Liability, and the Schedule of the District's Contributions on pages 54 to 59 be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise Tahoe Truckee Unified School District's basic financial statements. The accompanying schedule of expenditures of federal awards, as required by Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards and other supplementary information listed in the table of contents are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and, except for that portion marked "unaudited," was derived from, and relates directly to, the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, that information is fairly stated, in all material respects, in relation to the basic financial statements as a whole. The information marked "unaudited" has not been subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we do not express an opinion or provide any assurance on it.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated January 30, 2023 on our consideration of Tahoe Truckee Unified School District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of Tahoe Truckee Unified School District's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Tahoe Truckee Unified School District's internal control over financial reporting and compliance.

Crowe LLP

Sacramento, California January 30, 2023

TAHOE-TRUCKEE UNIFIED SCHOOL DISTRICT MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE FISCAL YEAR ENDED JUNE 30, 2022

This section of Tahoe-Truckee Unified School District's annual financial report presents District management's discussion and analysis of the District's financial performance during the fiscal year that ended on June 30, 2022. Please read it in conjunction with the Independent Auditor's Report presented on pages 1 through 2, and the District's financial statements, which immediately follow this section.

USING THIS ANNUAL REPORT

This annual report consists of a series of financial statements. The Statement of Net Position and Statement of Activities, presented on pages 16 through 17, provide information about the activities of the District as a whole and present a longer-term view of the District's finances. The fund financial statements for governmental activities, presented on pages 18 through 21, provide information about how District services were financed in the short-term, and how much remains for future spending. Fund financial statements also report the District's operations in more detail than the government-wide statements by providing information about the District's most significant funds. The remaining statements provide financial information about activities for which the District acts solely as a trustee or agent for the benefit of those outside the District.

FINANCIAL HIGHLIGHTS

- The Districts Financial status remains positive. The total net position increased by \$11,771,772 or 15.96%.
- ➤ Capital assets, net of depreciation, decreased by \$23,764,153. Capital assets are mainly financed by developer Fees, Certificates of Participation, State matching funds, federal grants, and Measure E and Measure U bond proceeds.
- ➤ Long-term debt decreased by \$52,745,190 due mostly to the retirement of outstanding General Obligation Bond and reduction in Net Pension Liabilities and OPEB obligations.
- ➤ October Enrollment in the District increased 16 students from 3,937 to 3,953.
- ➤ The District maintains reserves that exceed the state required 3% minimum Reserve for Economic Uncertainties (REU). The total General Fund REU increased from 15.43% to 16.54%.

THE FINANCIAL REPORT

The full annual financial report consists of three separate parts, including the basic financial statements, required supplementary information, and Management's Discussion and Analysis. The three sections together provide a comprehensive overview of the District. The basic financial statements are comprised of two kinds of statements that present financial information from different perspectives, government-wide and funds.

- ➤ Government-wide financial statements, which comprise the first two statements, provide both short-term and long-term information about the District's overall financial position.
- > Individual parts of the District, which are reported as fund financial statements comprise the remaining statements.
 - ❖ Basic services funding is described in the governmental fund statements. These statements include short-term financing and identify the balance remaining for future spending.
 - Short and long-term financial information about the activities of the District that operate like businesses are provided in the proprietary fund statements.
 - Financial relationships, for which the District acts as an agent or trustee for the benefit of others to whom the resources belong, are presented in the fiduciary funds statements.

Notes to the financials, which are included in the financial statements, provide more detailed data and explain some of the information in the statements. The required supplementary information provides further explanations and provides additional support for the financial statement. A comparison of the District's budget for the year is included.

Reporting the District as a Whole

The District as a whole is reported in the Government-wide statements and uses accounting methods similar to those used by companies in the private sector. All of the District's assets and liabilities are included in the Statement of Net Position. The Statements of Activities reports all of the current year's revenues and expenses regardless of when cash is received or paid.

The District's financial health or position (net position) can be measured by the difference between the District's assets and liabilities.

- Increases or decreases in the net position of the District over time are indicators of whether its financial position is improving or deteriorating, respectively.
- Additional non-financial factors such as the condition of school buildings and other facilities, and changes in the property tax base of the District need to be considered in assessing the overall health of the District.

In the Statement of Net Position and the Statement of Activities, we divide the District into two kinds of activities:

Governmental Activities:

The basic services provided by the District, such as regular and special education, adult education, administration, and transportation are included here, and are primarily financed by property taxes and state formula aid. Non-basic services, such as child nutrition and child development are also included here, but are financed by a combination of state and federal contracts and grants, and local revenues.

Reporting the District's Most Significant Funds:

The District's fund-based financial statements provide detailed information about the District's most significant funds. Some funds are required to be established by State law and bond covenants. However, the District established many other funds as needed to control and manage money for specific purposes.

Major Governmental Funds

The major governmental funds of Tahoe-Truckee Unified School District are the General Fund, the Building Fund and Bond Interest & Redemption Fund. Governmental fund reporting focuses on how money flows into and out of the funds and the balances that remain at the end of the year. A modified accrual basis of accounting measures cash and all other financial assets that can readily be converted to cash. The governmental funds statements provide a detailed short-term view of the District's operations and services. Governmental fund information helps to determine the level of financial resources available in the near future to finance the District's programs.

All Non-Major Funds

The District provides additional services that are outside of the General Fund and are minor in nature. These services include Adult Education, Child Development, Cafeteria, Deferred Maintenance and Capital Facilities Funds.

Fiduciary Funds

The District is the trustee, or fiduciary, for its student activity funds. All of the District's fiduciary activities are reported in separate fiduciary statements. We exclude these activities from the District's other financial statements because the District cannot use these assets to finance their operations. The District is responsible for ensuring that the assets reported in these funds are used for their intended purposes.

FINANCIAL ANALYSIS OF THE SCHOOL DISTRICT AS A WHOLE

GOVERNMENTAL ACTIVITIES

The District's net position increased from \$73,768,572 at June 30, 2021 to \$85,540,344 at June 30, 2022. This results in an increase of \$11,771,772 to the 2021 - 2022 net position.

Statement of Net Position							
	2021 - 2022	2020 - 2021					
Current and Other Assets	\$ 69,843,950	\$ 63,512,476

Totals \$	102,357,069	\$ 72,603,685

In fiscal year 2021 - 2022, program revenues financed 29.1% of the cost of providing the services listed above, while the remaining 70.9% were financed by general revenues of the District. The percentages were 23.8% and 76.2%, respectively in 2020 - 2021.

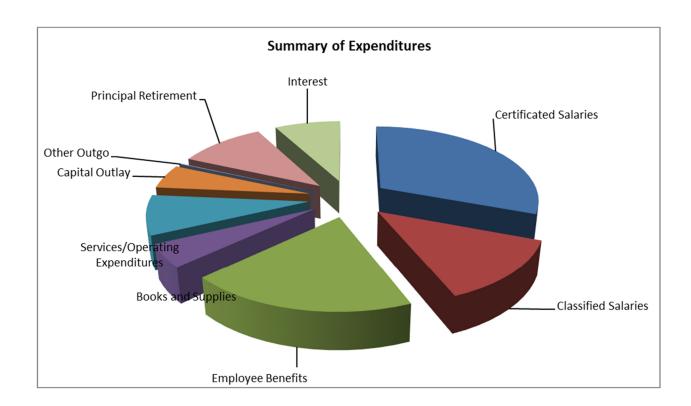

Revenues for the District in 2021 - 2022 increased by \$11,834,959 or 11.43% from 2020 - 2021 totals. This increase is mainly attributed to an increase in local taxes and one-time State funding. The table below summarizes all revenue sources in 2021 - 2022.

	FY 2022		FY 2021	
	 Amount	Percent of Total	Amount	Percent of Tota
Revenues				
LCFF Sources				
State Apportionment	\$ 2,642,134	2.3%	\$ 2,643,294	2.6%
Local Taxes	 57,868,373	50.2%	53,663,852	51.8%
Total LCFF Sources	60,510,507	52.5%	56,307,146	54.4%
Federal Sources	6,268,731	5.4%	6,170,755	6.0%
Other State Sources	22,562,645	19.6%	15,022,618	14.5%
Other Local Sources	 26,014,958	22.6%	26,021,363	25.1%
Total Other Revenue	54,846,334	47.5%	47,214,736	45.6%
Other Financing Sources				
Proceeds from Issuance of Debt	 -	0.0%	-	0.0%
Total Other Financing Sources	-	0.0%	-	0.0%
Total Revenues	\$ 115,356,841	100.0%	\$ 103,521,882	100.0%

Total District expenditures in 2021 - 2022 decreased by \$13,460,632 or 11.05% from 2020 - 2021 numbers. A large portion of this decrease is attributable to a reduction in capital project expenditures.

	FY 2022		FY 2021	
	 Amount	Percent of Total	Amount	Percent of Tota
Expenditures				
Certificated Salaries	\$ 33,266,880	30.7%	\$ 31,307,335	25.7%

Total Expenditures	\$ 108,368,441	100.0%	\$ 121,829,073	100.0%

Capital assets, net of depreciation decreased by \$17,137,324 due to a slowdown in new capital improvement projects and depreciation. Projects are financed through a combination of developer fees, Certificates of Participation, federal grants, deferred maintenance funds, Measure E and Measure U bond funds.

	Cap	ital Assets			
	20	021 - 2022	2	2020 - 2021	% Change
Land	S	4,365,750	\$	4,365,750	0.0%

Capital Assets, net	\$	319,230,092	\$	330,429,717	-3.4%

Long-term debt includes all of the district's long-term liabilities. In the past this consisted of general obligation bonds, Certificates of participation, capital leases, other post-employment benefits, and compensated absences. With the implementation of GASB 68, the District has added STRS and Pers pension liabilities to this category. This resulted in a significant increase to long term-debt in comparison to years prior to 2015 - 2016. Overall, long-term debt decreased by \$52,745,190 in 2021 - 2022, mainly due to the retirement of outstanding general obligation bond debt and reductions in Net Pension Liabilities and OPEB obligations. The net pension liabilities amount decreased to \$37,680,000 or 13.46% of total long-term debt. The general obligation bonds are financed by the local taxpayers and represent 71.36% of the District's total long-term liabilities. The OPEB obligation liabilities amount to \$4,634,086 and represent 1.66% of the District's long-term liabilities. The Certificates of Participation account for 13.47% of long-term liabilities. The remaining components account for 0.05% of the District's long-term liabilities.

	Long	-term Debt			
	20	21 - 2022	Ž	2020 - 2021	% Change

The notes to the financial statements are an integral part of the financial presentation and contain more detailed information as to interest, principal, retirement amounts and future debt retirement dates.

FINANCIAL ANALYSIS OF DISTRICT'S FUNDS

The combined fund balances of all the District's governmental funds increased by \$6,998,400. Most of this increase was a result of increases to the general fund and receipt of funding from the State School Facilities Program.

Compa	rative Scl	nedules of Fund	Balar	ices	
		und Balance ine 30, 2022		und Balance ine 30, 2021	Increase/ Decrease
General	\$	20,514,606	\$	17,084,412	\$ 3,430,194
Building Fund		5,128,467		9,898,548	(4,770,081)
County School Facilities Fund		11,321,138		-	11,321,138
Bond Interest and Redemption		21,283,887		23,536,950	(2,253,063)
All Non-Major Funds		5,375,625		6,115,413	(739,788)
Totals	\$	63,623,723	\$	56,635,323	\$ 6,988,400

GENERAL FUND BUDGETARY HIGHLIGHTS

The District's budget is prepared in accordance with California law and is based on the modified accrual basis of accounting. Over the course of the year, the District revises its budget based on updated financial information. The Original budget, approved at the end of June for July 1, is based on May Revise figures and updated 45 days after the State approves its final budget, if needed. In addition, the District revises its budget at First and Second interim. The Budget to actual presented on page 55 reflects the original budget, final budget and the actual revenue and expenditures for the year.

ECONOMIC FACTORS BEARING ON THE DISTRICT'S FUTURE

The District has maintained its basic aid status during fiscal year 2021 - 2022. The property tax revenue collections continue to exceed the LCFF transition grants funded by the State. However, there is some uncertainty surrounding the pace of TTUSD property tax revenue increases in the future. Although, TTUSD will receive an estimated 9.5% increase in property taxes in 2022 - 2023, the District will maintain conservative assumptions in future years.

TTUSD is subject to many financial risks and situations including, but not limited to: fluctuating property tax revenue, repeal of basic aid status, parcel tax revenue, charter schools, depletion of one-time revenues, enrollment increases, declining developer fee revenue and PERS/STRS rate adjustments.

In recognition of these substantial financial risks, the TTUSD School Board revised Board Policy #3100, furthering its commitment to maintain reserves that exceed the state required minimum of 3%. Board Policy #3100 establishes a static reserve for economic uncertainty range of 10-16% of total general fund expenditures.

CONTACT THE DISTRICT'S FINANCIAL MANAGEMENT

This financial report is designed to provide our citizens, taxpayers, parents, investors, and creditors with general overview of the District's finances and to show the District's accountability for the money it received. If you have questions regarding this report or need additional financial information, contact Todd Rivera, Assistant Superintendent Chief Business Officer, Tahoe-Truckee Unified School District, 11603 Donner Pass Road, Truckee, California 96161.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Tahoe Truckee Unified School District (the "District") accounts for its financial transactions in accordance with the policies and procedures of the California Department of Education's California School Accounting Manual. The accounting policies of the District conform to accounting principles generally accepted in the United States of America as prescribed by the Governmental Accounting Standards Board. The following is a summary of the more significant policies:

Reporting Entity: The Board of Trustees is the level of government which has governance responsibilities over all activities related to public school education in the District. The Board is not included in any other governmental "reporting entity" as defined by the Governmental Accounting Standards Board since Board members have decision-making authority, the power to designate management, the responsibility to significantly influence operations and primary accountability for fiscal matters.

The District has determined the following represent component units:

The District and the Tahoe-Truckee Unified School District Financing Corporation (the "Corporation") have a financial and operational relationship, which meets the reporting entity definition criteria of the Codification of Governmental Accounting and Financial Reporting Standards, Section 2100, for inclusion of the Corporation as a blended component unit of the District.

The District and the Tahoe Truckee Unified School District Facilities Improvement Districts 1 and 2 (SFIDs) have a financial and operational relationship which meets the reporting entity definition criteria of Codification of Governmental Accounting and Financial Reporting Standards, Section 2100, for inclusion of the SFIDs as a blended component unit of the District.

The following are those aspects of the relationship between the District and the Corporation and the District and the SFIDs which satisfy Codification of Governmental Accounting and Financial Reporting Standards, Section 2100, as amended by criteria:

A - Accountability:

- 1. The Corporation and SFIDs' Board of Directors was appointed by the District's Board of Trustees.
- 2. The Corporation and the SFIDs have no employees. The District's Executive Director functions as the agent of the Corporation and SFIDs and do not receive additional compensation for work performed in this capacity.
- 3. The District's Board exercises significant influence over operations of the Corporation and SFIDs as the District is the sole lessee of all facilities owned by the Corporation and SFIDs.
- 4. All major financing arrangements, contracts, and other transactions of the Corporation and SFIDs must have the consent of the District.
- 5. Any deficits incurred by the Corporation and SFIDs will be reflected in the lease payments of the District. Any surpluses of the Corporation and SFIDs revert to the District at the end of the lease period.
- 6. The District's lease payments are the sole revenue source of the Corporation and SFIDs.
- 7. The District has assumed a "moral obligation," and potentially a legal obligation, for any debt incurred by the Corporation and SFIDs.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

B - Scope of Public Service: The Corporation and SFIDs were formed for the sole purpose of financially assisting the District. The Corporation and SFIDs were formed to provide financing assistance to the District for construction, rehabilitation and acquisition of major capital facilities to support the student population.

C - Financial Presentation: For financial presentation purposes, the Corporation and SFIDs' financial activity has been blended with the financial data of the District. The basic financial statements present the Corporation and SFIDs' financial activity within the Building and Capital Facilities Funds.

<u>Basis of Presentation - Financial Statements</u>: The basic financial statements include a Management's Discussion and Analysis (MD & A) section providing an analysis of the District's overall financial position and results of operations, financial statements prepared using full accrual accounting for all of the District's activities, including infrastructure, and a focus on the major funds in the fund financial statements.

<u>Basis of Presentation - Government-Wide Financial Statements</u>: The Statement of Net Position and the Statement of Activities displays information about the reporting government as a whole. Fiduciary funds are not included in the government-wide financial statements. Fiduciary funds are reported only in the Statement of Fiduciary Assets and Liabilities.

The Statement of Net Position and the Statement of Activities are prepared using the economic resources measurement focus and the accrual basis of accounting. Revenues, expenses, gains, losses, assets and liabilities resulting from exchange and exchange-like transactions are recognized when the exchange takes place. Revenues, expenses, gains, losses, assets and liabilities resulting from nonexchange transactions are recognized in accordance with the requirements of Governmental Accounting Standards Board Codification Section (GASB Cod. Sec.) N50.118-.121.

Program revenues: Program revenues included in the Statement of Activities derive directly from the program itself or from parties outside the District's taxpayers or citizenry, as a whole; program revenues reduce the cost of the function to be financed from the District's general revenues.

Allocation of indirect expenses: The District reports all direct expenses by function in the Statement of Activities. Direct expenses are those that are clearly identifiable with a function. Depreciation expense is specifically identified by function and is included in the direct expense of each function. Interest on general long-term liabilities are considered indirect expenses and is reported separately on the Statement of Activities.

<u>Basis of Presentation - Fund Accounting</u>: The accounts of the District are organized on the basis of funds, each of which is considered to be a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, fund balances, revenues and expenditures. District resources are allocated to and accounted for in individual funds based upon the purpose for which they are to be spent and the means by which spending activities are controlled.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

A - Major Funds:

General Fund: The General Fund is the general operating fund of the District and accounts for all revenues and expenditures of the District not encompassed within other funds. All general tax revenues and other receipts that are not allocated by law or contractual agreement to some other fund are accounted for in this fund. General operating expenditures and the capital improvement costs that are not paid through other funds are paid from the General Fund.

Building Fund: The Building Fund is a capital projects fund used to account for resources used for the acquisition of capital facilities by the District.

County School Facilities Fund: The County School Facilities Fund is a capital projects fund used to account for resources used for the acquisition of capital facilities by the District.

Bond Interest and Redemption Fund: The Bond Interest and Redemption Fund is a debt service fund used to account for the accumulation of resources for, and the payment of, general long-term debt principal, interest, and related costs.

B - Other Funds:

Special Revenue Funds: The Special Revenue Funds are used to account for the proceeds of specific revenue sources that are legally restricted to expenditures for specific purposes. This includes the Student Activity, Adult Education, Child Development, Cafeteria, and Deferred Maintenance Funds.

Capital Facilities Fund: The Capital Facilities Fund is a capital projects fund used to account for resources used for the acquisition of capital facilities by the District.

Foundation Trust Fund: The Foundation Trust Fund is a trust fund used to account for amounts held by the District as Trustee.

<u>Basis of Accounting</u>: Basis of accounting refers to when revenues and expenditures or expenses are recognized in the accounts and reported in the basic financial statements. Basis of accounting relates to the timing of the measurement made, regardless of the measurement focus applied.

<u>Accrual</u>: Governmental activities in the government-wide financial statements and the fiduciary fund financial statements are presented on the accrual basis of accounting. Revenues are recognized when earned and expenses are recognized when incurred.

<u>Modified Accrual</u>: The governmental funds financial statements are presented on the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recorded when susceptible to accrual, i.e., both measurable and available. "Available" means collectible within the current period or within 60 days after year end. Expenditures are generally recognized under the modified accrual basis of accounting when the related liability is incurred. The exception to this general rule is that principal and interest on general obligation long-term liabilities, if any, is recognized when due.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

<u>Budgets and Budgetary Accounting</u>: By state law, the Board of Trustees must adopt a final budget by July 1. A public hearing is conducted to receive comments prior to adoption. The Board of Trustees satisfied these requirements.

<u>Receivables</u>: Receivables are made up principally of amounts due from the State of California for the Local Control Funding Formula and Categorical programs. The District has determined that no allowance for doubtful accounts was needed as of June 30, 2022.

<u>Stores Inventory</u>: Inventory is valued at latest invoice cost. Inventory recorded in the General and Cafeteria Funds consists mainly of consumable supplies. Inventory is recorded as an expenditure at the time individual inventory items are consumed or used in meal production.

<u>Capital Assets</u>: Capital assets purchased or acquired, with an original cost of \$5,000 or more, are recorded at historical cost or estimated historical cost. Contributed assets are reported at acquisition value for the contributed asset. Additions, improvements and other capital outlay that significantly extend the useful like of an asset are capitalized. Other costs incurred for repairs and maintenance are expensed as incurred. Capital assets are depreciated using the straight-line method over 5 - 50 years, depending on asset types.

<u>Deferred Outflows/Inflows of Resources</u>: In addition to assets, the statement of net position includes a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period(s), and as such will not be recognized as an outflow of resources (expense/expenditures) until then. The District has recognized a deferred loss on refunding reported, which is in the Statement of Net Position. A deferred loss on refunding results from the difference in the carrying value of refunded debt and its reacquisition price. This amount is deferred and amortized over the shorter life of the refunded or refunding debt. Also, the District has recognized a deferred outflow of resources relate to recognition of the pension liability and total OPEB liability reported in the Statement of Net Position.

In addition to liabilities, the statement of net position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period(s) and as such, will not be recognized as an inflow of resources (revenue) until that time. The District has recognized a deferred inflow of resources related to the recognition of the pension liability reported which is in the Statement of Net Position.

<u>Pensions</u>: For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the State Teachers' Retirement Plan (STRP) and Public Employers Retirement Fund B (PERF B) and additions to/deductions from STRP's and PERF B's fiduciary net position have been determined on the same basis as they are reported by STRP and PERF B. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Certain investments are reported at fair value. The following is a summary of pension amounts in aggregate.

	STRP	PERF B	<u>Iotal</u>
Deferred outflows of resources	\$ 9,888,014	\$ 3,537,795	\$ 13,425,809
Deferred inflows of resources	\$ 23,165,000	\$ 6,776,000	\$ 29,941,000
Net pension liability	\$ 21,047,000	\$ 16,633,000	\$ 37,680,000
Pension expense	\$ 6,279,652	\$ 1,621,216	\$ 7,900,868

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

<u>Compensated Absences</u>: Compensated absences in the amount of \$311,105 are recorded as a liability of the District. The liability is for the earned but unused benefits.

Accumulated Sick Leave: Accumulated sick leave benefits are not recognized as liabilities of the District. The District's policy is to record sick leave as an operating expenditure in the period taken since such benefits do not vest nor is payment probable; however, unused sick leave is added to the creditable service period for calculation of retirement benefits for certain STRP and PERF B employees when the employee retires.

<u>Unearned Revenues</u>: Revenues from federal, state and local special projects and programs are recognized when qualified expenditures have been incurred. Funds received but not earned are recorded as unearned revenue until earned.

Net Position: Net position is displayed in three components:

- 1. Net Investment in Capital Assets Consists of capital assets including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances (excluding unspent bond proceeds) of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets.
- 2. Restricted Net Position Restrictions of the ending net position indicate the portions of net position not appropriable for expenditure or amounts legally segregated for a specific future use. The restriction for legally restricted programs represents the portion of net position restricted to specific program expenditures. The restriction for debt service represents the portion of net position available for the retirement of debt. The restriction for capital projects represents the portion of net position restricted for capital projects. It is the District's policy to use restricted net position first when allowable expenditures are incurred.
- 3. Unrestricted Net Position All other net position that do not meet the definitions of "restricted" or "net investment in capital assets".

<u>Fund Balance Classifications</u>: Governmental Accounting Standards Board Codification Sections 1300 and 1800, Fund Balance Reporting and Governmental Fund Type Definitions (GASB Cod. Sec. 1300 and 1800) implements a five-tier fund balance classification hierarchy that depicts the extent to which a government is bound by spending constraints imposed on the use of its resources. The five classifications, discussed in more detail below, are nonspendable, restricted, committed, assigned and unassigned.

- A Nonspendable Fund Balance: The nonspendable fund balance classification reflects amounts that are not in spendable form, such as revolving fund cash, prepaid expenditures and stores inventory.
- B Restricted Fund Balance: The restricted fund balance classification reflects amounts subject to externally imposed and legally enforceable constraints. Such constraints may be imposed by creditors, grantors, contributors, or laws or regulations of other governments, or may be imposed by law through constitutional provisions or enabling legislation. These are the same restrictions used to determine restricted net position as reported in the government-wide and fiduciary trust fund statements.
- C Committed Fund Balance: The committed fund balance classification reflects amounts subject to internal constraints self-imposed by formal action of the Board of Trustees. The constraints giving rise to committed fund balance must be imposed no later than the end of the reporting period. The actual amounts may be determined subsequent to that date but prior to the issuance of the financial statements. Formal action by the Board of Trustees is required to remove any commitment from any fund balance. At June 30, 2022, the District had no committed fund balances.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

D - Assigned Fund Balance: The assigned fund balance classification reflects amounts that the District's Board of Trustees has approved to be used for specific purposes, based on the District's intent related to those specific purposes. The Board of Trustees can designate personnel with the authority to assign fund balances, however, as of June 30, 2022, no such designation has occurred.

E - Unassigned Fund Balance: In the General Fund only, the unassigned fund balance classification reflects the residual balance that has not been assigned to other funds and that is not restricted, committed, or assigned to specific purposes.

In any fund other than the General Fund, a positive unassigned fund balance is never reported because amounts in any other fund are assumed to have been assigned, at least, to the purpose of that fund. However, deficits in any fund, including the General Fund that cannot be eliminated by reducing or eliminating amounts assigned to other purposes are reported as negative unassigned fund balance.

<u>Fund Balance Policy</u>: The District has an expenditure policy relating to fund balances. For purposes of fund balance classifications, expenditures are to be spent from restricted fund balances first, followed in order by committed fund balances (if any), assigned fund balances and lastly unassigned fund balances.

While GASB Cod. Sec. 1300 and 1800 do not require Districts to establish a minimum fund balance policy or a stabilization arrangement, GASB Cod. Sec. 1300 and 1800 do require the disclosure of a minimum fund balance policy and stabilization arrangements, if they have been adopted by the Board of Trustees. At April 9th, 2014, the District established a minimum reserve for economic uncertainty policy of 10% to 16% of total General Fund expenditures. As of June 30, 2022, the District has a reserve of \$11,534,276 or 15.42%.

<u>Property Taxes</u>: Secured property taxes are attached as an enforceable lien on property as of March 1. Taxes are due in two installments on or before December 10 and April 10. Unsecured property taxes are due in one installment on or before August 31. The Counties of Placer, Nevada and El Dorado bill and collect taxes for the District. Tax revenues are recognized by the District when received.

<u>Encumbrances</u>: Encumbrance accounting is used in all budgeted funds to reserve portions of applicable appropriations for which commitments have been made. Encumbrances are recorded for purchase orders, contracts, and other commitments when they are written. Encumbrances are liquidated when the commitments are paid. All encumbrances are liquidated at June 30.

<u>Eliminations and Reclassifications</u>: In the process of aggregating data for the Statement of Net Position and the Statement of Activities, some amounts reported as interfund activity and balances in the funds were eliminated or reclassified. Interfund receivables and payables were eliminated to minimize the "grossing up" effect on assets and liabilities within the governmental activities column.

<u>Estimates</u>: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions. These estimates and assumptions affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenditures during the reporting period. Accordingly, actual results may differ from those estimates.

NOTE 2 - CASH AND INVESTMENTS

Cash and investments at June 30, 2022 consisted of the following:

	Governmental <u>Activities</u>			Fiduciary <u>Funds</u>		
Pooled Funds:						
Cash in County Treasury	\$	58,331,309	\$	33,803		
Deposits:						
Cash in revolving fund		20,000		-		
Cash on hand and in banks		362,121		-		
Cash with fiscal agent		3,778,961		-		
Cash awaiting deposit		3,950		<u>-</u>		
Total cash	\$	62,496,341	\$	33,803		

<u>Pooled Funds</u>: In accordance with Education Code Section 41001, the District maintains substantially all of its cash in the interest-bearing Placer County Treasurer's Pooled Investment Fund. The District is considered to be an involuntary participant in the financial statements at the amounts based upon the District's pro-rate share of the fair value provided by the County Treasurer for the entire portfolio (in relation to the amortized cost of that portfolio). The balance available for withdrawal is based on the accounting records maintained by the County Treasurer, which is recorded on the amortized cost basis.

<u>Deposits - Custodial Credit Risk</u>: The District limits custodial credit risk by ensuring uninsured balances are collateralized by the respective financial institution. Cash balances held in banks are insured up to \$250,000 by the Federal Deposit Insurance Corporation (FDIC) and are collateralized by the respective financial institution. At June 30, 2022, the carrying amount of the District's accounts was \$382,121 and the bank balance was \$796,228, of which \$210,422 was uninsured by the FDIC.

<u>Interest Rate Risk</u>: The District does not have a formal investment policy that limits cash and investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates. At June 30, 2022, the District had no significant interest rate risk related to cash and investments held.

<u>Credit Risk</u>: The District does not have a formal investment policy that limits its investment choices other than the limitations of state law.

<u>Concentration of Credit Risk</u>: The District does not place limits on the amount it may invest in any one issuer. At June 30, 2022, the District had no concentration of credit risk.

NOTE 3 - INTERFUND TRANSACTIONS

<u>Interfund Activity</u>: Transactions between funds of the District are recorded as interfund transfers. The unpaid balances at year end, as a result of such transactions, are shown as due to and due from other funds.

<u>Interfund Receivables/Payables</u>: Individual interfund receivable and payable balances at 2021-22 were as follows:

<u>Fund</u>		Interfund <u>Receivables</u>		
Major Fund: General	\$	119,242	\$	498,941
Non-Major Funds:	·	,	•	,
Child Development		298,941		-
Deferred Maintenance		200,000		-
Cafeteria		<u>-</u>		119,242
Totals	\$	618,183	\$	618,183

<u>Interfund Transfers</u>: Transfers consist of operating transfers from funds receiving revenue to funds through which the resources are to be expended.

Transfers for the 2021-2022 fiscal year were as follows:

Transfer from the Adult Education Fund to the General Fund for allocation of indirect costs.	\$ 9,572
Transfer from the Child Development Fund to the General Fund for allocation of indirect costs.	7,409
Transfer from the Cafeteria Fund to the General Fund for allocation of indirect costs.	97,834
Transfer from the General Fund to the Child Development fund for a general contribution.	 297,272
Total	\$ 412,087

NOTE 4 - CAPITAL ASSETS

A schedule of changes in capital assets for the year ended June 30, 2022 is shown below:

		Balance July 1, <u>2021</u>		Transfers and Additions		Transfers and <u>Deletions</u>		Balance June 30, <u>2022</u>	
Non-depreciable:									
Land	\$	4,365,750	\$	-	\$	-	;	\$ 4,365,750

	\$	24,507,031	\$	4,117,969	\$	28,625,000				

Certificates of Participation

On September 4, 2019, the District issued \$40,000,000 of Certificates of Participation to finance the acquisition, construction, installation and equipping of certain real property at an interest rate ranging from 3.00%-5.00%. The Certificates of Participation mature through June 1, 2049.

The annual debt service requirements of the 2019 Certificates of Participation are as follows:

Year Ending <u>June 30,</u>	<u>Principal</u>	Interest	Total
2023	\$ 735,000	0 \$ 1,472,450	\$ 2,207,450
2024	770,000	1,435,700	2,205,700
2025	810,000	1,397,200	2,207,200
2026	850,000	1,356,700	2,206,700
2027	895,000	1,314,200	2,209,200

	\$ 37,520,000	\$ 22,062,350	\$ 59,582,350

NOTE 5 - LONG-TERM LIABILITIES (Continued)

<u>Changes in Long-Term Liabilities</u>: A schedule of changes in long-term liabilities for the year ended June 30, 2022 is as follows:

<u>Debt:</u>	<u>J</u>	Balance uly 1, 2021	Additions	<u>Deletions</u>	Balance June 30, 2022	I	Amounts Due Within One Year
Lease liabilities	\$	201,363	\$ -	\$ 201,363	\$ -	\$	-
General Obligation Bonds:							
Current interest		162,205,000	-	4,385,000	157,820,000		4,825,000
Capital appreciation		28,447,973	2,049,058	5,990,000	24,507,031		-
Unamortized premiums		21,728,482	-	4,367,257	17,361,225		1,094,818
Certificates of Participation: Certificates of Participation		38,220,000	-	700,000	37,520,000		735,000
Other Long-Term Liabilities:							
Net pension liability (Notes 7 and 8)		75,313,000	_	37,633,000	37,680,000		_
Total OPEB liability (Note 9)		6,118,801	-	1,484,715	4,634,086		-
Compensated absences		344,018	 	 32,913	311,105		311,105
	\$	332,578,637	\$ 2,049,058	\$ 54,794,248	\$ 279,833,447	\$	6,965,923

Payments on the lease liabilities are made from the General Fund. Payments on the General Obligation Bonds and the Certificates of Participations are made from the Bond Interest and Redemption Fund and Capital Facilities Fund, respectively. Payments on the OPEB and pension obligations are made from the general fund and compensated absences are made from the fund for which the related employee worked.

NOTE 6 - FUND BALANCE

Fund balances, by category, at June 30, 2022 consisted of the following:

	General <u>Fund</u>	Building <u>Fund</u>	County School Facilities Fund	Bond Interest and Redemption <u>Fund</u>	All Non-Major <u>Funds</u>	<u>Total</u>
Nonspendable:

NOTE 7 - NET PENSION LIABILITY - STATE TEACHERS' RETIREMENT PLAN

General Information about the State Teachers' Retirement Plan

<u>Plan Description</u>: Teaching-certified employees of the District are provided with pensions through the State Teachers' Retirement Plan (STRP) – a cost-sharing multiple-employer defined benefit pension plan administered by the California State Teachers' Retirement System (CalSTRS). The Teachers' Retirement Law (California Education Code Section 22000 et seq.), as enacted and amended by the California Legislature, established this plan and CalSTRS as the administrator. The benefit terms of the plans may be amended through legislation. CalSTRS issues a publicly available financial report that can be obtained at http://www.calstrs.com/annual-comprehensive-financial-report.

Benefits Provided: The STRP Defined Benefit Program has two benefit formulas:

- CalSTRS 2% at 60: Members first hired on or before December 31, 2012, to perform service that could be creditable to CalSTRS.
- CalSTRS 2% at 62: Members first hired on or after January 1, 2013, to perform service that could be creditable to CalSTRS.

The Defined Benefit (DB) Program provides retirement benefits based on members' final compensation, age and years of service credit. In addition, the retirement program provides benefits to members upon disability and to survivors/beneficiaries upon the death of eligible members. There are several differences between the two benefit formulas which are noted below.

CalSTRS 2% at 60 - CalSTRS 2% at 60 members are eligible for normal retirement at age 60, with a minimum of five years of credited service. The normal retirement benefit is equal to 2.0 percent of final compensation for each year of credited service. Early retirement options are available at age 55 with five years of credited service or as early as age 50 with 30 years of credited service. The age factor for retirements after age 60 increases with each quarter year of age to 2.4 percent at age 63 or older. Members who have 30 years or more of credited service receive an additional increase of up to 0.2 percent to the age factor, up to the 2.4 percent maximum.

CalSTRS calculates retirement benefits based on a one-year final compensation for members who retired on or after January 1, 2001, with 25 or more years of credited service, or for classroom teachers with less than 25 years of credited service if the employer elected to pay the additional benefit cost prior to January 1, 2014. One-year final compensation means a member's highest average annual compensation earnable for 12 consecutive months calculated by taking the creditable compensation that a member could earn in a school year while employed on a fulltime basis, for a position in which the person worked. For members with less than 25 years of credited service, final compensation is the highest average annual compensation earnable for any 36 consecutive months of credited service.

CalSTRS 2% at 62 - CalSTRS 2% at 62 members are eligible for normal retirement at age 62, with a minimum of five years of credited service. The normal retirement benefit is equal to 2.0 percent of final compensation for each year of credited service. An early retirement option is available at age 55. The age factor for retirement after age 62 increases with each quarter year of age to 2.4 percent at age 65 or older.

All CalSTRS 2% at 62 members have their final compensation based on their highest average annual compensation earnable for three consecutive years of credited service.

NOTE 7 - NET PENSION LIABILITY - STATE TEACHERS' RETIREMENT PLAN (Continued)

<u>Contributions</u>: Required member, employer and state contribution rates are set by the California Legislature and Governor and detailed in Teachers' Retirement Law. Current contribution rates were established by California Assembly Bill 1469 (CalSTRS Funding Plan), which was passed into law in June 2014, and various subsequent legislation.

The CalSTRS Funding Plan established a schedule of contribution rate increases shared among members, employers, and the State of California to bring CalSTRS toward full funding by fiscal year 2046. California Senate Bill 90 and California Assembly Bill 84 (collectively the "Special Legislation"), were signed into law in June 2019 and June 2020, respectively, and provided supplemental contributions to the DB Program along with supplemental contribution rate relief to employers through fiscal year 2021–22.

A summary of statutory contribution rates and other sources of contributions to the DB Program pursuant to the CalSTRS Funding Plan and the Special Legislation, are as follows:

Members - Under CalSTRS 2% at 60, the member contribution rate was 10.250 percent of applicable member earnings for fiscal year 2021-22. Under CalSTRS 2% at 62, members contribute 50 percent of the normal cost of their retirement plan, which resulted in a contribution rate of 10.205 percent of applicable member earnings for fiscal year 2021-22.

According to current law, the contribution rate for CalSTRS 2% at 62 members is adjusted if the normal cost increases or decreases by more than 1percent since the last timethe member contribution rate was set. Based on the June 30, 2020, valuation adopted by the board in June 2021, the increase in normal cost was less than 1percent. Therefore, the contribution rate for CalSTRS 2% at 62 members did not change effective July 1, 2021.

Employers – 16.920 percent of applicable member earnings. This rate reflects the original employer contribution rate of 19.10 percent resulting from the CalSTRS Funding Plan, and subsequently reduced for the 2.18 percent to be paid on behalf of employers pursuant to the Special Legislation.

Beginning in fiscal year 2021–22, the CalSTRS Funding Plan authorizes the board to adjust the employer supplemental contribution rate up or down by a maximum of 1% for a total rate of no higher than 20.25% and no lower than 8.25%. In June 2021, the CalSTRS board voted to keep the employer supplemental contribution rate the same for fiscal year 2021–22; it remained at 10.85% effective July 1, 2021.

Special Legislation approved in June 2019 and June 2020, the State made supplemental contributions of approximately \$2.2 billion to CalSTRS on behalf of employers to supplant the amounts submitted by employers for fiscal years 2019–20 through 2021–22. Specifically, employers will remit 1.03%, 2.95% and 2.18% less than is required by the CalSTRS Funding Plan for fiscal years 2019–20, 2020–21 and 2021–22, respectively.

NOTE 7 - NET PENSION LIABILITY - STATE TEACHERS' RETIREMENT PLAN (Continued)

The CalSTRS employer contribution rates effective for fiscal year 2021-22 through fiscal year 2046-47 are summarized in the table below:

Effective <u>Date</u>	Base <u>Rate</u>	Supplemental Rate Per CalSTRS <u>Funding Plan</u>	Rate Adjustment Per Special Legislation	<u>Total</u>
July 1, 2021 July 1, 2022 to	8.250%	10.850%	(2.180%)	16.920%
June 30, 2046 July 1, 2046	8.250% 8.250%	Increase from AB	N/A 1469 rate ends in 2	⁽¹⁾ 2046-47

⁽¹⁾ The CalSTRS Funding Plan authorizes the board to adjust the employer contribution rate up or down by up to 1% each year, but no higher than 20.250% total and no lower than 8.250%.

The District contributed \$5,402,014 to the plan for the fiscal year ended June 30, 2022.

State – 10.828 percent of the members' calculated based on creditable compensation from two fiscal years prior.

The state is required to contribute a base contribution rate set in statute at 2.017%. Pursuant to the CalSTRS Funding Plan, the state also has a supplemental contribution rate, which the board can increase by up to 0.5% each fiscal year to help eliminate the state's share of the CalSTRS unfunded actuarial obligation by 2046. In June 2021, the board approved an increase of 0.5% for fiscal year 2021–22, which will increase the state supplemental contribution rate to 6.311% effective July 1, 2021.

The CalSTRS state contribution rates effective for fiscal year 2021-22 and beyond are summarized in the table below.

Effective Date	Base <u>Rate</u>	Supplemental Rate Per CalSTRS <u>Funding Plan</u>	SBMA <u>Funding</u> ⁽¹⁾	<u>Total</u>
July 01, 2021 July 01, 2022 to	2.017%	6.311%	2.50%	10.828%
June 30, 2046 July 01, 2046	2.017% 2.017%	(2) (3)	2.50% 2.50%	(2) (3)

⁽¹⁾ The SBMA contribution rate excludes the \$72 million that is reduced from the required contribution in accordance with Education Code section 22954.

⁽²⁾ The board has limited authority to adjust the state contribution rate annually through June 2046 in order to eliminate the remaining unfunded actuarial obligation. The board cannot increase the supplemental rate by more than 0.5% in a fiscal year, and if there is no unfunded actuarial obligation, the supplemental contribution rate imposed would be reduced to 0%.

⁽³⁾ From July 1, 2046, and thereafter, the rates in effect prior to July 1, 2014, are reinstated, if necessary, to address any remaining unfunded actuarial obligation.

NOTE 7 - NET PENSION LIABILITY - STATE TEACHERS' RETIREMENT PLAN (Continued)

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions – At June 30, 2022, the District reported a liability for its proportionate share of the net pension liability that reflected a reduction for State pension support provided to the District. The amount recognized by the District as its proportionate share of the net pension liability, the related State support, and the total portion of the net pension liability that was associated with the District were as follows:

District's proportionate share of the net pension liability	\$ 21,047,000
State's proportionate share of the net pension liability	
associated with the District	 12,523,000
Total	\$ 33,570,000

The net pension liability was measured as of June 30, 2021 and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of June 30, 2020. The District's proportion of the net pension liability was based on the District's share of contributions to the pension plan relative to the contributions of all participating school districts and the State. At June 30, 2021, the District's proportion was 0.046 percent, which was a decrease of 0.005 from its proportion measured as of June 30, 2020.

For the year ended June 30, 2022, the District recognized pension expense of \$6,279,652 and revenue of \$3,517,810 for support provided by the State. At June 30, 2022, the District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources		 ferred Inflows FResources
Difference between expected and actual experience	\$	53,000	\$ 2,240,000
Changes of assumptions		2,982,000	-
Net differences between projected and actual earnings on investments		-	16,649,000
Changes in proportion and differences between District contributions and proportionate share of contributions		1,451,000	4,276,000
Contributions made subsequent to measurement date		5,402,014	 <u>-</u>
Total	<u>\$</u>	9,888,014	\$ 23,165,000

NOTE 7 - NET PENSION LIABILITY - STATE TEACHERS' RETIREMENT PLAN (Continued)

\$5,402,014 reported as deferred outflows of resources related to pensions resulting from contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended June 30, 2023. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year Ending <u>June 30,</u>	
2023	\$ (3,818,617)
2024	\$ (3,265,617)
2025	\$ (4,575,117)
2026	\$ (5,290,117)
2027	\$ (870,367)
2028	\$ (859, 165)

Differences between expected and actual experience and changes in assumptions are amortized over a closed period equal to the average remaining service life of plan members, which is 7 years as of the June 30, 2021 measurement date. Deferred outflows and inflows related to differences between projected and actual earnings on plan investments are netted and amortized over a closed 5-year period.

<u>Actuarial Methods and Assumptions</u>: The total pension liability for the STRP was determined by applying update procedures to a financial reporting actuarial valuation as of June 30, 2020, and rolling forward the total pension liability to June 30, 2021. The financial reporting actuarial valuation as of June 30, 2020, used the following actuarial methods and assumptions, applied to all prior periods included in the measurement:

Valuation Date	June 30, 2020
Experience Study	July 1, 2015 through June 30, 2018
Actuarial Cost Method	Entry age normal
Investment Rate of Return	7.10%
Consumer Price Inflation	2.75%
Wage Growth	3.50%
Post-retirement Benefit Increases	2.00% simple for DB, maintain 85%
	Purchasing power level for DB, not
	applicable for DBS/CBB

<u>Discount Rate</u>: The discount rate used to measure the total pension liability was 7.10 percent, which was unchanged from the prior fiscal year. The projection of cash flows used to determine the discount rate assumed that contributions from plan members and employers will be made at statutory contribution rates in accordance with the rate increase per AB 1469. Projected inflows from investment earnings were calculated using the long-term assumed investment rate of return (7.10 percent) and assuming that contributions, benefit payments, and administrative expense occur midyear. Based on those assumptions, the STRP's fiduciary net position was projected to be available to make all projected future benefit payments to current plan members. Therefore, the long-term assumed investment rate of return was applied to all periods of projected benefit payments to determine the total pension liability.

NOTE 7 - NET PENSION LIABILITY - STATE TEACHERS' RETIREMENT PLAN (Continued)

<u>Mortality</u>: CalSTRS uses a generational mortality assumption, which involves the use of a base mortality table and projection scales to reflect expected annual reductions in mortality rates at each age, resulting in increases in life expectancies each year into the future. The base mortality tables are CalSTRS custom tables derived to best fit the patterns of mortality among its members. The projection scale was set equal to 110 percent of the ultimate improvement factor from the Mortality Improvement Scale (MP-2019) table, issued by the Society of Actuaries.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. The best estimate ranges were developed using capital market assumptions from CalSTRS investment staff and investment consultants as inputs to the process.

The actuarial investment rate of return assumption was adopted by the CalSTRS board in January 2020 in conjunction with the most recent experience study. For each current and future valuation, CalSTRS consulting actuary reviews the return assumption for reasonableness based on the most current capital market assumptions. Best estimates of 20-year geometric real rates of return and the assumed asset allocation for each major asset class used as input to develop the actuarial investment rate of return are summarized in the following table:

Assumed Asset Allocation	Long-Term* Expected Real <u>Rate of Return</u>
42%	4.8%
15	3.6
13	6.3
12	1.3
10	1.8
6	3.3
2	(0.4)
	Allocation 42% 15 13 12 10 6

^{* 20-}year geometric average

Sensitivity of the District's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate: The following presents the District's proportionate share of the net pension liability calculated using the discount rate of 7.10 percent, as well as what the District's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (6.10 percent) or 1-percentage-point higher (8.10 percent) than the current rate:

	1%		Current		1%
	Decrease		Discount		Increase
	<u>(6.10%)</u>	Rate (7.10%)			<u>(8.10%)</u>
District's proportionate share of					
the net pension liability	\$ 42,844,000	\$	21,047,000	\$	2,956,000

<u>Pension Plan Fiduciary Net Position</u>: Detailed information about the pension plan's fiduciary net position is available in the separately issued CalSTRS financial report.

NOTE 8 - NET PENSION LIABILITY - PUBLIC EMPLOYER'S RETIREMENT FUND B

General Information about the Public Employer's Retirement Fund B

<u>Plan Description</u>: The schools cost-sharing multiple-employer defined benefit pension plan Public Employer's Retirement Fund B (PERF B) is administered by the California Public Employees' Retirement System (CalPERS). Plan membership consists of non-teaching and non-certified employees of public schools (K-12), community college districts, offices of education, charter and private schools (elective) in the State of California.

The Plan was established to provide retirement, death and disability benefits to non-teaching and noncertified employees in schools. The benefit provisions for Plan employees are established by statute. CalPERS issues a publicly available financial report that can be obtained at https://www.calpers.ca.gov.

https://www.calpers.ca.gov/docs/forms-publications/acfr- 2021.pdf

<u>Benefits Provided</u>: The benefits for the defined benefit plans are based on members' years of service, age, final compensation, and benefit formula. Benefits are provided for disability, death, and survivors of eligible members or beneficiaries. Members become fully vested in their retirement benefits earned to date after five years (10 years for State Second Tier members) of credited service.

<u>Contributions</u>: The benefits for the defined benefit pension plans are funded by contributions from members and employers, and earnings from investments. Member and employer contributions are a percentage of applicable member compensation. Member contribution rates are defined by law and depend on the respective employer's benefit formulas. Employer contribution rates are determined by periodic actuarial valuations or by state statute. Actuarial valuations are based on the benefit formulas and employee groups of each employer. Employer contributions, including lump sum contributions made when districts first join the PERF B, are credited with a market value adjustment in determining contribution rates.

The required contribution rates of most active plan members are based on a percentage of salary in excess of a base compensation amount ranging from zero dollars to \$863 monthly.

Required contribution rates for active plan members and employers as a percentage of payroll for the year ended June 30, 2022 were as follows:

Members - The member contribution rate was 7.0 percent of applicable member earnings for fiscal year 2021-22.

Employers - The employer contribution rate was 22.91 percent of applicable member earnings.

The District contributed \$2,905,795 to the plan for the fiscal year ended June 30, 2022.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions - At June 30, 2021, the District reported a liability of \$16,633,000 or its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2021 and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of June 30, 2020. The District's proportion of the net pension liability was based on the District's share of contributions to the pension plan relative to the contributions of all participating school districts. At June 30, 2021 the District's proportion was 0.082 percent, which was a decrease of 0.001 percent from its proportion measured as of June 30, 2020.

NOTE 8 - NET PENSION LIABILITY - PUBLIC EMPLOYER'S RETIREMENT FUND B (Continued)

For the year ended June 30, 2022, the District recognized pension expense of \$1,621,216. At June 30, 2022, the District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources		 ferred Inflows Resources
Difference between expected and actual experience	\$	497,000	\$ 39,000
Changes of assumptions		-	-
Net differences between projected and actual earnings on investments		-	6,383,000
Changes in proportion and differences between District contributions and proportionate share of contributions		135,000	354,000
Contributions made subsequent to measurement date		2,905,795	 <u>-</u>
Total	\$	3,537,795	\$ 6,776,000

\$2,905,795 reported as deferred outflows of resources related to pensions resulting from contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended June 30, 2023. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year Ending	
<u>June 30,</u>	
2023	\$ (1,279,833)
2024	\$ (1,431,833)
2025	\$ (1,656,834)
2026	\$ (1,775,500)

Differences between expected and actual experience and changes in assumptions are amortized over a closed period equal to the average remaining service life of plan members, which is 4 years as of the June 30, 2021 measurement date. Deferred outflows and inflows related to differences between projected and actual earnings on plan investments are netted and amortized over a closed 5-year period.

NOTE 8 - NET PENSION LIABILITY - PUBLIC EMPLOYER'S RETIREMENT FUND B (Continued)

<u>Actuarial Methods and Assumptions</u>: The total pension liability for the Plan was determined by applying update procedures to a financial reporting actuarial valuation as of June 30, 2020, and rolling forward the total pension liability to June 30, 2021. The financial reporting actuarial valuation as of June 30, 2020, used the following actuarial methods and assumptions, applied to all prior periods included in the measurement:

Valuation Date June 30, 2020

Experience Study June 30, 1997 through June 30, 2015

Actuarial Cost Method Entry age normal

Investment Rate of Return 7.15% Consumer Price Inflation 2.50%

Wage Growth Varies by entry age and service

Post-retirement Benefit Increases Contract COLA up to 2.00% until Purchasing

Power Protection Allowance Floor on Purchasing Power applies 2.50% thereafter

The mortality table used was developed based on CalPERS specific data. The table includes 15 years of mortality improvements using Society of Actuaries 90% of scale MP 2016. For more details on this table, please refer to the 2017 experience study report.

All other actuarial assumptions used in the June 30, 2019 valuation were based on the results of an actuarial experience study for the period from 1997 to 2015, including updates to salary increase, mortality and retirement rates. Further details of the Experience Study can be found at CalPERS' website.

The table below reflects long-term expected real rate of return by asset class. The rate of return was calculated using the capital market assumptions applied to determine the discount rate and asset allocation.

Asset Class	Long-Term* Assumed Asset <u>Allocation</u>	Expected Real Rate of Return Years 1 - 10 ⁽¹⁾	Expected Real Rate of Return Years 11+ ⁽²⁾
Global Equity	50%	4.80%	5.98%
Fixed Income	28	1.00	2.62
Inflation of Assets	-	0.77	1.81
Private Equity	8	6.30	7.23
Real Estate Assets	13	3.75	4.93
Liquidity	1	-	(0.92)

^{* 10-}year geometric average

- (1) An expected inflation rate of 2.00% used for this period
- (2) An expected inflation rate of 2.92% used for this period

<u>Discount Rate</u>: The discount rate used to measure the total pension liability was 7.15 percent. A projection of the expected benefit payments and contributions was performed to determine if assets would run out. The test revealed the assets would not run out. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability for the Plan. The results of the crossover testing for the Plan are presented in a detailed report that can be obtained at CalPERS' website.

NOTE 8 - NET PENSION LIABILITY - PUBLIC EMPLOYER'S RETIREMENT FUND B (Continued)

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class.

In determining the long-term expected rate of return, CalPERS took into account both short-term and long-term market return expectations as well as the expected pension fund cash flows. Using historical and forecasted information for all the funds' asset classes, expected compound (geometric) returns were calculated over the short term (first 10 years) and the long term (11+ years) using a building-block approach. Using the expected nominal returns for both short term and long term, the present value of benefits was calculated for each fund. The expected rate of return was set by calculating the rounded single equivalent expected return that arrived at the same present value of benefits for cash flows as the one calculated using both short-term and long- term returns. The expected rate of return was then set equal to the single equivalent rate calculated above and adjusted to account for assumed administrative expenses.

Sensitivity of the District's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate: The following presents the District's proportionate share of the net pension liability calculated using the discount rate of 7.15 percent, as well as what the District's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (6.15 percent) or 1-percentage-point higher (8.15 percent) than the current rate:

		1% Current			1%	
		Decrease Discount		Discount		Increase
		<u>(6.15%)</u>	Rate (7.15%)			<u>(8.15%)</u>
Districts are a standard and the						
District's proportionate share of the net pension liability	\$	28.046.000	Φ.	16,633,000	\$	7,158,000
het pension liability	Ψ	20,040,000	Ψ	10,033,000	Ψ	7,130,000

<u>Pension Plan Fiduciary Net Position</u>: Detailed information about the pension plan's fiduciary net position is available in the separately issued CalPERS financial report.

NOTE 9 - OTHER POSTEMPLOYMENT HEALTHCARE BENEFITS

<u>Plan Description</u>: In addition to the pension benefits described in Notes 7 and 8, the District provides postemployment health care benefits under a single employer defined benefit OPEB plan to eligible retirees through an implicit rate subsidy for all retirees who elect to purchase benefits at the District's negotiated insurance premium rates. The plan does not issue separate financial statements.

The Tahoe Truckee Unified School District's Retiree Health Care Plan (Plan) is a single-employer defined benefit postemployment health care plan that covers eligible retired employees of the District. The Plan, which is administered by the District, allows employees who retire and meet retirement eligibility requirements under one of the District's retirement plan to continue medical, dental and vision coverage as a participant in the District's plan. The District's Governing Board has the authority to establish or amend the benefit terms offered by the Plan. The District's Governing Board also retains the authority to establish the requirements for paying the Plan benefits as they come due. As of June 30, 2022 the District has not accumulated assets in a qualified trust for the purpose of paying the benefits related to the District's Total OPEB Liability.

NOTE 9 - OTHER POSTEMPLOYMENT HEALTHCARE BENEFITS (Continued)

<u>Employees Covered by Benefit Terms</u>: The following is a table of plan participants at June 30, 2021 (measurement date):

				Number of Participants
Inactive Employees Receive Participating Active Employ	34 536			
			_	570
Benefits Provided are noted b	elow:	2	3	3
	<u>Certificated</u>	<u>Classified</u>	<u>Confidential</u>	<u>Management</u>
Benefit types provided	Medical, dental and vision	Medical, dental and vision	Medical, dental and vision	Medical, dental and vision
Duration of Benefits	To age 65	To age 65	10 years but not beyond 65	To age 65
Required Service	20 years	20 years	10 years	5 years
Minimum Age	55	55	50	50/55 ¹
Dependent Coverage	Yes	Yes	Yes	Yes
District Contribution Percent	100%	75% at age 55; 80% at age 56; 90% at age 57; 100% at age 58 or older	100%	100%
District Cap	Active cap currently \$791.66 per Month	\$808.33 per month ⁵	Active cap currently \$808.33 per month	Active cap currently \$808.33 per month

¹ Depending on retirement system.

<u>Contributions</u>: California Government Code specifies that the District's contribution requirements for covered employees are established and may be amended by the Governing Board. Retirees participating in the group insurance plans offered by the District are required to contribute 100% of the active premiums. In future years, contributions are assumed to increase at the same rate as premiums. The District's premium rates being charged to these retirees are lower than the expected cost for a retiree population. Thus, an implicit subsidy exists as a result of this difference between the actual cost and the true retiree cost.

² Only employees hired prior to September 1, 1988 are eligible.

³ Only employees hired prior to October 17, 2006 are eligible.

⁴ Only employees hired prior to June 30, 1988 are eligible.

⁵ Cap for current retirees. Cap is frozen at retirement.

NOTE 9 - OTHER POSTEMPLOYMENT HEALTHCARE BENEFITS (Continued)

Contributions to the Plan from the District were \$427,473 for the year ended June 30, 2022. Employees are not required to contribute to the OPEB plan.

Total OPEB Liability

The District's total OPEB liability was measured as of June 30, 2021, and the total OPEB liability used to calculate the total OPEB liability was determined by an actuarial valuation as of June 30, 2021.

<u>Actuarial Assumptions</u>: The total OPEB liability in the actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement, unless otherwise specified:

<u>Valuation Date</u> June 30, 2021

<u>Fiscal Year End</u> June 30

<u>Actuarial Value of Assets</u> Market Value

Mortality Rate PERS - Non-work related rated developed in

2014 California PERS experience study.

STRS - Match rates developed in 2009

experience study.

<u>Discount Rate as of June 30, 2021</u> 2.16%. Based on the Bond Buyer 20-Bond

Index, as published by the Federal Reserve.

Assumed Investment Return Not applicable since the plan is unfunded.

Retirement Rate Retirement rates match rates developed in

the most recent experience studies for California PERS (2014) and California STRS

(2009)

Inflation Rate 2.50% per year

<u>Dependent Coverage</u> Female spouses are assumed to be three

years younger than male spouses.

80% of retirees are assumed to be married.

Current retirees are valued based on elected

coverage.

<u>Funding Method</u> Entry Age Cost Method (Level Percentage of

Pay).

Health Trend Rate: 4%

NOTE 9 - OTHER POSTEMPLOYMENT HEALTHCARE BENEFITS (Continued)

<u>Discount Rate</u>: Given the District's decision not to fund the program, all future benefit payments were discounted using a high quality municipal bond rate of 2.16%. The municipal bond rate was based on the week closest but not later than the measurement date of the June 30, 2021 index as published by the Federal Reserve. The June 30, 2021 index consists of general obligation bonds that mature in 20 years. The average rating of the bonds is roughly equivalent to Moody's Investors Service's Aa2 rating and Standard & Poor's Corp.'s AA.

Changes in Total OPEB Liability:

	٦	Total OPEB <u>Liability</u>
Balance at June 30, 2021	\$	6,118,801
Changes for the year:		
Service cost		395,347
Interest		134,666
Differences between actual and expected experience		(715,771)
Changes in assumptions		(871,484)
Benefit payments		(427,473)
Net change		(1,484,715)
Balance at June 30, 2022	\$	4,634,086

There were no changes between the measurement date and the year ended June 30, 2022 which had a significant effect on the District's total OPEB liability. The discount rate for OPEB was 2.20 and 3.50 percent in the June 30, 2021 and 2020 actuarial reports, respectively.

<u>Sensitivity of the Total OPEB Liability to Changes in the Discount Rate</u>: The following presents the Total OPEB Liability of the District, as well as what the District's Total OPEB Liability would be if it were calculated using a discount rate that is one percentage-point lower or one percentage-point higher than the current discount rate:

	1% Current			1%	
	Decrease (1.16%)	_	Discount Rate (2.16%)		Increase (3.16%)
Total OPEB liability	\$ 4,920,020	\$	4,634,086	\$	4,360,788

NOTE 9 - OTHER POSTEMPLOYMENT HEALTHCARE BENEFITS (Continued)

Sensitivity of the Total OPEB Liability to Changes in the Healthcare Cost Trend Rates: The following presents the Total OPEB Liability of the District, as well as what the District's Total OPEB Liability would be if it were calculated using healthcare cost trend rates that are one percentage-point lower or one percentage-point higher than the current healthcare cost trend rates:

		1%	Healthcare Cost		1%	
	D	Decrease (3.00%)		Rates		Increase
	(Rate (4.00%)		<u>(5.00%)</u>
Total OPEB liability	\$	4,193,167	\$ 4	,634,086	\$	5,146,152

OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

For the year ended June 30, 2022, the District recognized OPEB expense of \$339,878. At June 30, 2022, the District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

		erred Outflows Resources	 erred Inflows Resources
Difference between expected and actual experience	\$	2,400,359	\$ 657,101
Changes of assumptions		560,315	800,050
Net differences between projected and actual earnings on investments		-	-
Changes in proportion and differences between District contributions and proportionate share of contributions		-	-
Contributions made subsequent to measurement date		193,656	 _
Total	<u>\$</u>	3,154,330	\$ 1,457,151

\$193,656 reported as deferred outflows of resources related to benefits paid subsequent to the measurement date will be recognized as a reduction of the total OPEB liability in the year ended June 30, 2022.

NOTE 9 - OTHER POSTEMPLOYMENT HEALTHCARE BENEFITS (Continued)

Amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in OPEB expense as follows:

Years Ended June 30	
2023	\$ 176,361
2024	\$ 176,361
2025	\$ 176,361
2026	\$ 176,361
2027	\$ 176,361
Thereafter	\$ 621,718

Changes in assumptions are amortized over a closed period equal to the average remaining service life of plan members, which is 12.5 years as of the June 30, 2019 measurement date.

NOTE 10 - JOINT POWERS AGREEMENTS

The District is a member of two Joint Powers Authorities (JPAs), Schools Insurance Group (SIG) for the common risk management and insurance related to workers' compensation and property/liability and Tri-County Schools Insurance Group (TRISIG) for common risk management and insurance related to healthcare. The membership includes other school districts in Placer, Nevada and Sutter Counties. The JPA's provide first dollar coverage and insure risk up to statutory limits. Settled claims resulting from these risks have not exceeded commercial insurance coverage in any of the past three fiscal years. There have been no significant reductions in insurance coverage from coverage in the prior year.

The following is a summary of financial information of SIG and TTWHA as of June 30, 2021 (the most recent information available):

	SIG	<u>TTWHA</u>
Total assets	\$115,062,160	\$ 106,798
Deferred outflows	\$ 274,347	\$ -
Total liabilities	\$ 37,079,788	\$ 9,328
Deferred inflows	\$ 77,117	\$ -
Total net position	\$ 78,179,602	\$ 97,470
Total revenues	\$ 96,442,660	\$ 300,000
Total expenditures	\$ 88,802,310	\$ 202,530
Change in net position	\$ 7,640,350	\$ 97,470

The relationship between Tahoe Truckee Unified School District and each Joint Powers Authority is such that the Joint Powers Authorities are not component units of the District for financial reporting purposes.

NOTE 11 - CONTINGENCIES

The District is subject to legal proceedings and claims which arise in the ordinary course of business. In the opinion of management, the amount of ultimate liability with respect to these actions will not materially affect the financial position or results of operations of the District.

The District has received federal and state funds for specific purposes that are subject to review and audit by the grantor agencies. Although such audits could result in expenditure disallowances under terms of the grants, it is management's opinion that any required reimbursements or future revenue offsets subsequently determined will not be material.

At June 30, 2022, the District had approximately \$1,358,000 in outstanding construction contract commitments.

TAHOE TRUCKEE UNIFIED SCHOOL DISTRICT NOTE TO REQUIRED SUPPLEMENTARY INFORMATION June 30, 2022

NOTE 1 - PURPOSE OF SCHEDULES

<u>Budgetary Comparison Schedule:</u> The District employs budget control by object codes and by individual appropriation accounts. Budgets are prepared on the modified accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America as prescribed by the Governmental Accounting Standards Board. The budgets are revised during the year by the Board of Trustees to provide for revised priorities. Expenditures cannot legally exceed appropriations by major object code. The originally adopted and final revised budgets for the General Fund are presented as Required Supplementary Information. The basis of budgeting is the same as GAAP.

Schedule of Changes in Total Other Postemployment Benefits (OPEB) liability: The Schedule of Changes in Total OPEB liability is presented to illustrate the elements of the District's Total OPEB liability. There is a requirement to show information for 10 years. However, until a full 10 year trend is compiled, governments should present information for those years for which information is available. The District has not accumulated assets in a qualified trust for the purpose of paying the benefits related to the District's Total OPEB Liability.

Schedule of the District's Proportionate Share of the Net Pension Liability: The Schedule of the District's Proportionate Share of the Net Pension Liability is presented to illustrate the elements of the District's Net Pension Liability. There is a requirement to show information for 10 years. However, until a full 10-year trend is compiled, governments should present information for those years for which information is available.

Schedule of the District's Contributions: The Schedule of the District's Contributions is presented to illustrate the District's required contributions relating to the pensions. There is a requirement to show information for 10 years. However, until a full 10-year trend is compiled, governments should present information for those years for which information is available.

<u>Changes of Benefit Terms</u>: There are no changes in benefit terms reported in the Required Supplementary Information.

<u>Changes of Assumptions</u>: The discount rate for OPEB was 3.50, 3.80, 3.50, 2.20 and 2.16 percent in the June 30, 2017, 2018, 2019, 2020 and 2021 actuarial reports, respectively.

The discount rates used for the Public Employer's Retirement Fund B (PERF B) was 7.50, 7.65, 7.65, 7.15, 7.15, 7.15 and 7.15 percent in the June 30, 2014, 2015, 2016, 2017, 2018, 2019, and 2020 actuarial reports, respectively.

The following are the assumptions for State Teachers' Retirement Plan:

TOT GGGILO	5,000	0,042	5,071	5,071

The General Fund fund balance has increased by \$9,871,262 over the past three years. The District has budgeted an increase of \$712,573 for the fiscal year ending June 30, 2023. For a district this size, the State of California recommends available reserves of at least three percent of total General Fund expenditures, transfers out and other uses be maintained. The District met this requirement.

The District had operating surpluses in each of the past three years, and anticipates incurring an operating surplus during the 2022-2023 fiscal year.

Total long-term liabilities have decreased by \$60,172,515 over the past two years due to the re-payment of General Obligation Bonds and the implementation of GASB 68 and 75.

Average daily attendance has decreased by 129 over the past two years. The District anticipates an increase of 144 for the fiscal year 2022-2023.

TAHOE TRUCKEE UNIFIED SCHOOL DISTRICT NOTES TO SUPPLEMENTARY INFORMATION June 30, 2022

NOTE 1 - PURPOSE OF SCHEDULES

<u>Schedule of Average Daily Attendance</u>: Average daily attendance is a measurement of the number of pupils attending classes of the District. The purpose of attendance accounting from a fiscal standpoint is to provide the basis on which apportionments of state funds are made to school districts. This schedule provides information regarding the attendance of students at various grade levels and in different programs.

<u>Schedule of Instructional Time</u>: The District has received incentive funding for increasing instructional time as provided by the Incentives for Longer Instructional Day. This schedule presents information on the amount of instructional time offered by the District, and whether the District complied with the provisions of Education Code Sections 46201 through 46206.

Schedule of Expenditure of Federal Awards: The Schedule of Expenditure of Federal Awards includes the federal award activity of Tahoe Truckee Unified School District, and is presented on the accrual basis of accounting. The information in this schedule is presented in accordance with the requirements of *Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance)*. Expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement. As a sub-recipient of the State of California the District is using the approved indirect cost rate provided by the California Department of Education rather than the 10-percent de minimis indirect cost rate as allowed under the Uniform Guidance.

Reconciliation of Unaudited Actual Financial Report with Audited Financial Statements: This schedule provides the information necessary to reconcile the fund balances of all funds and the total long-term liabilities as reported on the Unaudited Actual Financial Report to the audited financial statements.

<u>Schedule of Financial Trends and Analysis – Unaudited</u>: This schedule provides information on the District's financial condition over the past three years and its anticipated condition for the 2022-2023 fiscal year, as required by the State Controller's Office. The information in this schedule has been derived from audited information.

Schedule of Charter Schools: This schedule provides information for the California Department of Education to monitor financial reporting by Charter Schools.

NOTE 2 - EARLY RETIREMENT INCENTIVE PROGRAM

Education Code Section 14503 requires certain disclosure in the financial statements of districts which adopt Early Retirement Incentive Programs pursuant to Education Code Sections 22714 and 44929. For the fiscal year ended June 30, 2022, the District did not adopt this program.

The District does not operate an Immunization Program; Therefore, we did not perform any procedures related to this program.

The District does not operate any Charter Program; Therefore, we did not perform any procedures related to these programs.

In our opinion, Tahoe Truckee Unified School District complied, in all material respects, with the compliance requirements referred to above that are applicable to the state laws and regulations referred to above for the year ended June 30, 2022.

Basis for Opinion on Compliance with State Laws and Regulations.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States (*Government Auditing Standards*); and the audit requirements of the *2021-22 Guide for Annual Audits of K-12 Local Education Agencies and State Compliance Reporting* (Audit Guide). Our responsibilities under those standards and the Audit Guide are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the District and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion. Our audit does not provide a legal determination of the District's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to the District's government programs.

Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the District's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS, Government Auditing Standards, and the Audit Guide will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the District's compliance with the requirements of the government program as a whole.

In performing an audit in accordance with GAAS, Government Auditing Standards, and the Audit Guide, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the District's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of the District's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Audit Guide, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit

Purpose of this Report

The purpose of this report on compliance is solely to describe the scope of our testing of compliance and the results of that testing based on the requirements of the State of California's 2021-22 Guide for Annual Audits of K-12 Local Education Agencies and State Compliance Reporting. Accordingly, this report is not suitable for any other purpose.

Sacramento, California January 30, 2023

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Board of Trustees Tahoe Truckee Unified School District Truckee, California

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Tahoe Truckee Unified School District as of and for the year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise Tahoe Truckee Unified School District's basic financial statements, and have issued our report thereon dated January 30, 2023.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered Tahoe Truckee Unified School District 's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Tahoe Truckee Unified School District's internal control. Accordingly, we do not express an opinion on the effectiveness of Tahoe Truckee Unified School District's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that have not been identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether Tahoe Truckee Unified School District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under Government Auditing Standards.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Crowe LLP

Sacramento, California January 30, 2023

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM; REPORT ON INTERNAL CONTROL OVER COMPLIANCE; AND REPORT ON THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS REQUIRED BY THE UNIFORM GUIDANCE

Board of Trustees Tahoe Truckee Unified School District Truckee, California

Report on Compliance for Each Major Federal Program

Opinion on Each Major Federal Program

We have audited Tahoe Truckee Unified School District's compliance with the types of compliance requirements identified as subject to audit in the OMB Compliance Supplement that could have a direct and material effect on each of Tahoe Truckee Unified School District's major federal programs for the year ended June 30, 2022. Tahoe Truckee Unified School District's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, Tahoe Truckee Unified School District complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2022.

Basis for Opinion on Each Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America (GAAS); the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States (Government Auditing Standards); and the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of Tahoe Truckee Unified School District and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of Tahoe Truckee Unified School District's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules and provisions of contracts or grant agreements applicable to Tahoe Truckee Unified School District's federal programs.

Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on Tahoe Truckee Unified School District's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material, if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about Tahoe Truckee Unified School District's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with GAAS, Government Auditing Standards, and the Uniform Guidance, we,

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material noncompliance, whether due to fraud or error, and design
 and perform audit procedures responsive to those risks. Such procedures include examining, on a
 test basis, evidence regarding Tahoe Truckee Unified School District's compliance with the
 compliance requirements referred to above and performing such other procedures as we considered
 necessary in the circumstances.
- obtain an understanding of Tahoe Truckee Unified School District's internal control over compliance
 relevant to the audit in order to design audit procedures that are appropriate in the circumstances and
 to test and report on internal control over compliance in accordance with the Uniform Guidance, but
 not for the purpose of expressing an opinion on the effectiveness of Tahoe Truckee Unified School
 District's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Report on Internal Control Over Compliance

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.
