SUBJECT: First Read of Proposed Revisions to Board Policy and Administrative Regulation 6146.1, High School Graduation Requirements

PRESENTED BY: Logan Mallonee, Assistant Superintendent of Educational Services

ACTION REQUESTED

Review the proposed addition to the Board Policy and Administrative Regulation 6146.1, High School Graduation Requirements.

BACKGROUND INFORMATION

The policy was updated to reference this group of highly mobile students as “students who are migratory” to align with the language found within the Education Code and the California Department of Education’s 2023-24 federal monitoring instrument.

This policy was recommended to review the group of highly mobile students as "migratory" to align with the language found within Education Code 48204. This group of migratory students is referred to in our current Board Policy 6146.1, High School Graduation. In that policy, we would like to highlight the following proposed additional new language:

- A migratory student may but is not required to be provided with programs for online instruction as a substitute for physical attendance and to delete material related to family literacy services, as the funding and legal basis no longer exist.
- To provide that for summer school programs, the number of instructional days may be decreased if there are holidays for which schools are required to be closed, that districts are required to make facilities available at no cost to other agencies that request facilities for the operation of migrant summer school program unless just cause for denial exists, and that districts who receive authorization and funding from CDE to provide an extended school year program to migratory students who, due to family movement, enroll in transitional kindergarten, kindergarten, or any of grades 1-6, on or after March 1 of the school year and depart on or before December 1 of the next school year, are required to operate such program by law.

- Add material related to requirements regarding the transfer of coursework and credits, exemptions from district-established graduation requirements, and the option to remain in school to complete district-established or statewide course requirements.
