BACKGROUND INFORMATION

For years, the annual Bay Area college tour has ignited the aspirations of GRIT (Give it your all, Redo if necessary, Ignore giving up, Take time to do it right) juniors. This transformative experience, often a student's first glimpse into higher education, opens doors to diverse possibilities.

From the campuses of California State Universities to the prestigious halls of institutions like Santa Clara University, students embark on comprehensive tours that showcase varied regions, academic disciplines, and campus cultures. The opportunity to compare these distinct environments fosters crucial self-reflection, empowering students to envision their future paths and fueling their motivation to excel in their final years of high school. The invaluable connections forged with first-generation college students provide relatable insights and encourage open dialogue, further enriching this pivotal journey.
