**BACKGROUND INFORMATION**

The Sagehen Outdoor Education Program is a partnership between TTUSD, Sagehen Creek Field Research Station, Sierra Watershed Education Program, and Shane McConkey Foundation.

This is a unique outdoor education program for several reasons. Classes are taught by outdoor educators. This program provides local students access to a standards-based learning environment that is literally in their backyard. Students learn a variety of skills and gain knowledge about many different topics. Classes may include local ecosystems, flora, and fauna of the Sierra Nevada, macro-invertebrates, water quality and issues, and plant and animal identification.
