FROM: Kerstin Kramer, Superintendent Chief Learning Officer

SUBJECT: Approve Contract with School Innovations and Achievement for Use of Attention2Attendance Software and Services

PRESENTED BY: Annamarie Cohen, Executive Director of Student Services

ACTION REQUESTED

Approve Contract with School Innovations and Achievement for Use of Attention2Attendance Software and Services

BACKGROUND INFORMATION

Tahoe Truckee Unified School District recognizes the need to address attendance across schools within our district. Student success, including academic achievement, is contingent upon students' availability for instruction. We have four schools for whom attendance requires targeted support and improvement plan to improve student outcomes. As a mechanism for targeted improvement, TTUSD is beginning a districtwide attendance campaign to educate and enhance the critical requirement of attending school and decreasing chronic absenteeism districtwide. TTUSD is partnering with School Innovations and Achievement with Attention2Attendance, a software and service solution with embedded best practices that, when implemented with rigor and consistency, will improve student attendance. Attention2Attendance provides communication and education, intervention letters and support, and analytics that allow us to monitor and target student attendance across the continuum. The software provides TTUSD with a tiered response system, allowing us to address all students and individually target and provide individualized responses to students who are at risk for achievement success due to habitual and chronic absenteeism.

RESOURCES REQUIRED: \$70,500.00
