GRANTEE also agrees to bear all other costs and expenses related thereto, even if the claim or claims alleged are groundless, false, or fraudulent. This provision is not intended to create any cause of action in favor of any third party against GRANTEE or PCAPCD or to enlarge in any way the GRANTEE's liability but is intended solely to provide for indemnification of PCAPCD from liability for damages or injuries to third persons or property arising from GRANTEE's performance pursuant to this contract or agreement.

- b) GRANTEE shall file with PCAPCD, concurrently herewith, Certificates of Insurance. All certificates are to be received and approved by PCAPCD before work commences. However, failure to obtain the required documents prior to the work beginning shall not waive the GRANTEE's obligation to provide them. PCAPCD reserves the right to require complete, certified copies of all required insurance policies, required by these specifications, at any time.
- c) GRANTEE shall maintain the following insurance coverage in full force and effect during the term of this contract:

Project Scope:

Purchase a 2021 or newer Thomas, Saf-T-Liner C2, school bus. The replacement bus shall have a GVWR of 37,600 and have a 2019 or newer model year Cummins ISL 6.7L diesel engine with a maximum rated horsepower of 300 and an intended service class of MHDD. The engine shall be certified to a PM emission standard of 0.01 g/bhp-hr and a NOx standard level of 0.20 g/bhp-hr (Replacement Vehicle); and dismantle a TTUSD Fleet #05-46, 2005 Blue Bird school bus (VIN: 1BABNBKA16F232909) with a 2005, 275 rated horsepower engine (serial number: SAP00578) (Replaced Vehicle).

The Replacement Vehicle funded under this AGREEMENT shall perform the same operations as the Replaced Vehicle and shall operate at least 85 percent within Placer County for the duration of the project implementation period.

Sections I through III below must be completed prior to the Project Completion End Date as outlined in Exhibit B of this AGREEMENT.

- I. Prior to funding and prior to the GRANTEE taking delivery of the Replacement Vehicle, the GRANTEE shall meet the following conditions:
 - A. Purchase Replacement Vehicle described above. If after contract execution GRANTEE chooses to purchase a vehicle that is different than the originally proposed Replacement Vehicle, then GRANTEE shall make a request to PCAPCD, in writing, to seek approval of the change(s) as soon as possible. The vehicle modification shall: 1) not increase emissions from the originally proposed Replacement Vehicle, 2) shall continue to perform the same functions as the Replaced Vehicle, and 3) shall not increase the awarded grant amount.
 1. The modification in the Replacement Vehicle to be purchased shall only occur with PCAPCD approval. An approval/denial letter shall be emailed to the GRANTEE after PCAPCD has reviewed the request and has made a final determination.
 2. If the request to modify the originally proposed Replacement Vehicle results in an increase in emissions from its original evaluation, then PCAPCD shall reduce the awarded grant amount in order to maintain the same level of cost effectiveness. Such

a change will require PCAPCD approval and a contractual amendment signed by both the GRANTEE and PCAPCD.

3. Modified Replacement Vehicle must meet Carl Moyer Program Guidelines.

B. The following warranty requirements apply:

1. Except for school buses, hybrids, and zero-emission vehicles, GRANTEES must purchase a major component engine warranty for the replacement new or used vehicle or repowered engine. The warranty must cover parts and labor. If the purchase of a new or used Replacement Vehicle is in accordance with currently required warranty periods or warranty requirements for newer engine model years as specified in the Heavy-Duty Low NOx Omnibus Regulation, then separate supplemental warranty is not required. However, it is recommended that the highest grade warranty be purchased in order to avoid expensive repairs in the future.

2. Electric vehicles, hybrid vehicles, and conversion systems must have a minimum warranty period of 3 years or 50,000 miles. The warranty must cover the engine (if applicable) or motor, drivetrain, battery or energy storage, and parts and labor (including any part on the converted vehicle or engine that is damaged by the hybrid conversion system).

3. For zero emission school buses, the vendor warranty must provide protection for a minimum of 60 months or 75,000 miles, whichever comes first, and provide full warranty coverage of, at a minimum, zero-emission or all-electric motor, drive train, batteries/energy storage system(s), parts and labor. Warranties must be fully transferrable to subsequent school bus purchasers for the full warranty coverage period. Warranties must cover the following for the full warranty period (unless otherwise denoted):

a. Extended Motor, Drivetrain (including Battery), and Zero-Emission Components: Provide warranty coverage against defects in material and workmanship for the motor, transmission, rear axle, and electric or zero-emission system components including the battery. Gaskets and seals are not required to be included under the warranty coverage.

b. Frame Rails, Cross Members, and Cab: For new school buses, coverage extends to structural cracks in the frame caused by defects in material workmanship and against corrosion perforation of the cab. For school bus conversions, the all-electric school bus vendor is only responsible for damage or corrosion tied to, or resulting from, their workmanship on, or handling of, these parts.

c. Battery Degradation Warranty: Provide warranty coverage against battery degradation below 80 percent of capacity.

C. GRANTEE shall deliver the Replaced Vehicle under this AGREEMENT to the dealership where the Replacement Vehicle will be purchased.

D. The Replacement Vehicle shall not be delivered to the GRANTEE, from the dealership, until the following conditions have been completed:

1. GRANTEE (or its representative) shall provide to PCAPCD:

a. Copies of invoices relative to the purchase of the vehicle funded through this AGREEMENT;

- b. Proof and terms of financing, including lender and amount financed (if applicable);
 - c. Warranty and its terms;
 - d. Copy of the registration (of the Replacement Vehicle);
 - e. Copy of the signed vehicle title (of the Replaced Vehicle);
 - f. Proof of vehicle insurance;
 - g. Certification from the dealer that the Replaced Vehicle will be delivered to a PCAPCD approved dismantler within 60 days of receipt of the Replaced Vehicle. The certification must include the make, model, year, VIN, engine make, engine serial number, the date the vehicle is expected to be delivered to the dismantler, and the dismantler's location;
 - h. Documentation showing that the Replaced Vehicle is roadworthy. Have a Roadworthiness/Pre-Dismantle inspection conducted by PCAPCD or provide documentation showing that the Replaced Vehicle delivered to the dealer is as described in the application, in similar condition as found in the pre-inspection, roadworthy, in operational condition, and not stripped of parts (except for non-emission related body components or parts essential to vocation that will be installed on the Replacement Vehicle). This includes documentation showing that the Replaced Vehicle has passed a CHP BIT inspection in the past 90 days or conduct an equivalent vehicle inspection and sign as appropriate. If documentation is provided by a dealership, PCAPCD reserves the right to audit the dealership's record of inspection.
 - i. Certification from the GRANTEE that all funding sources that they have applied for or received for the PROJECT have been disclosed, and that the GRANTEE will notify PCAPCD of additional sources of funding received for the total cost of the PROJECT, including any sources that become available after contract execution, prior to PROJECT funding. GRANTEE is prohibited from receiving grants and other funds that exceed the total project amount.
 - j. Original invoice to PCAPCD, for the amount of requested grant funds for reimbursement. Note that the invoice cannot be paid until requirements in Section II below are met. PCAPCD may require GRANTEE to re-submit the invoice if payment requirements have not been met in the current PCAPCD fiscal year (7/1 through 6/30).
 - k. The Replacement Vehicle must have an engine with a horsepower rating not to exceed 125% horsepower of the Replaced Vehicle. Any engine with a horsepower above this range must be pre-approved by PCAPCD prior to purchase, whenever possible.
2. Have a post inspection conducted by PCAPCD (or its representative) of the Replacement Vehicle. The GRANTEE (or its representative) shall be responsible for scheduling the appointment with PCAPCD.
 3. A determination by PCAPCD that the Replacement Vehicle and all associated documentation have satisfied the requirements for funding and authorization for the vehicle to be delivered to the GRANTEE.

4. Display on the Replacement Vehicle that partial funding was made available from PCAPCD. Any graphics used for this purpose need to be approved in advance by PCAPCD staff.

II. Prior to funding:

- A. The Replaced Vehicle must be delivered to a PCAPCD approved dismantler (or other PCAPCD approved entity) for destruction within 60 days of GRANTEE's receipt of the Replacement Vehicle funded under this AGREEMENT.
- B. The dismantler (or other representative) shall provide a copy of DMV's "Non-Repairable Vehicle Certificate" using an "Application for Salvage Certificate or Non-Repairable Vehicle Certificate" (REG 488C), or a Notice of Acquisition/Report of Vehicle To Be Dismantled (REG 42) ensuring the VIN can never be registered again in California. Within 90 calendar days of the dismantle inspection date, the dismantler must provide verification to PCAPCD that the Replaced Vehicle has been registered with DMV as non-revivable with a type transaction code (TTC) L10 or C26 on the DMV Reconciliation transaction receipt or other DMV documentation that satisfies this requirement.
- C. GRANTEE to provide a copy of CHP 292, when applicable.

III. Prior to the close of the Project Completion End Date, GRANTEE shall ensure the following:

- A. The Replaced Vehicle has been dismantled per the conditions outlined in this Exhibit and the 2017 Carl Moyer Guidelines.
- B. Within 60 days of the dismantler receiving the Replaced Vehicle, the dismantler must dismantle the vehicle. Dismantle is defined by:
 1. Both frame rails must be completely severed between the front and rear axles.
 2. A hole must be put in the engine block with a diameter of at least three inches at the narrowest point. The hole must be irregularly shaped (i.e. no symmetrical squares or circles). A section of the oil pan flange must be removed as part of the hole or have a line cut through it that connects to the hole.
 3. If the vehicle is to be scrapped, the dismantler must completely sever the frame rails of the old vehicle to ensure that the vehicle will not be used again.
 4. Upon request of PCAPCD, CARB may approve an alternative disposition for the old engine/vehicle.
- C. Either the dismantler (if authorized by PCAPCD) or PCAPCD staff shall conduct a dismantle inspection to verify destruction of the Replaced Vehicle within 10 days of destruction, in accordance with the 2017 Carl Moyer Program Guidelines.
- D. The Replaced Vehicle may not be sold/given to another person in which the intent is to part it out into individual pieces and then be sold to another party.
- E. Provide proof of the automobile insurance coverage to PCAPCD. Automobile insurance, as required by law, shall not lapse and shall be maintained throughout the term of this AGREEMENT.

IV. Reporting and Recordkeeping Requirements during the PROJECT Implementation Period (The PROJECT Implementation Period refers to the timeframe between the Replacement Vehicle's approved Post-Inspection Date and the Contract End Date):

- A. Record annual miles of the Replacement Vehicle throughout the term of this AGREEMENT. If the vehicle operates in areas outside of Placer County, identify/estimate the mileage within Placer County.
 - B. GRANTEE shall provide PCAPCD Annual Monitoring Reports as described in Exhibit C. The first annual monitoring report shall be submitted no later than 13 months after PROJECT post-inspection and continuing annually thereafter throughout the Project Implementation Period of this AGREEMENT. At a minimum, noncompliance with the reporting requirements will require an on-site inspection(s). At the sole discretion of PCAPCD, ten (10) percent of the awarded grant amount, as outlined in Exhibit B, will be withheld pending the submittal and approval of the first Annual Monitoring Report as outlined in Exhibit C – Monitoring Report Format.
 - C. GRANTEE shall maintain and retain usage and other records associated with the PROJECT for at least three years after the end of the contract term.
 - D. Pursuant to Sections 8 of this AGREEMENT, GRANTEE shall provide proof of insurance prior to performing work on this PROJECT, and throughout the term of this contract.
 - E. Throughout the term of the AGREEMENT, provide copies of the current automobile insurance of the Replacement Vehicle funded under this AGREEMENT, on an annual basis, to PCAPCD.
- V. General Conditions:
- A. GRANTEE shall notify PCAPCD in writing if installation and/or implementation of this PROJECT will deviate from the scope of work as outlined in the GRANTEE's Grant Application or this AGREEMENT at any time during the term of this AGREEMENT. GRANTEE shall notify the APCO within 15 days of recognizing such deviation. If funding has not yet been disbursed at the time of recognizing such deviation, then the GRANTEE shall notify the APCO at least 30 days in advance of any request for payment. The APCO has the sole discretion to approve, deny, or adjust funding amount as outlined in Exhibit B of this AGREEMENT, based on the extent of the deviation.
 - B. GRANTEE shall maintain the Replacement Vehicle according to the manufacturer's specifications for the term of the AGREEMENT and shall not tamper with the engine in a way as to void the warranty or to cause the engine to operate in a manner not intended or originally designed.
 - C. GRANTEE shall allow PCAPCD, CARB, or other designee to conduct an inspection or audit of the PROJECT being funded under this AGREEMENT, including the engine, equipment and associated records, during the contract term. At the time of execution of this AGREEMENT, GRANTEE's signature shall be a certification that its fleet, engine(s), and vehicles are in compliance with all applicable federal, State, and local air quality rules and regulations and shall continue to maintain, for the term of the AGREEMENT, compliance with all applicable federal, State, and local air quality rules and regulations for the full contract term.
 - D. When determining compliance with mobile source regulatory requirements, the Replacement Vehicle shall be included when defining fleet size, when applicable.
 - E. Throughout the term of this AGREEMENT, the PROJECT cannot be used to generate credits or compliance extensions, and must be excluded when determining regulatory

compliance, when applicable.

- F. GRANTEES that receive co-funding for the PROJECT funded under this AGREEMENT must meet all criteria associated with each funding source used to fund the PROJECT.
- G. GRANTEES that are not a public entity must provide at least 15 percent of the PROJECT's Moyer eligible costs from non-public sources.
- H. In addition to the terms of this AGREEMENT, GRANTEE shall adhere to all applicable requirements outlined in the applicable California Air Resources Board Guidelines. If there is a conflict between the terms of this contract and California Air Resources Board's guidelines, the California Air Resources Board's Guidelines shall prevail.
- I. By executing this AGREEMENT, GRANTEE understands and agrees to operate the Replacement Vehicle, and/or engine according to the terms herein and to cooperate with PCAPCD and CARB in implementation, monitoring, enforcement, and other efforts to assure the emission benefits are real, quantifiable, surplus, and enforceable.
- J. CARB, as an intended third party beneficiary, reserves the right to enforce the terms of this AGREEMENT at any time during the term of this AGREEMENT to ensure emission reductions are obtained.

VI. Repercussions for Nonperformance:

- A. If for any reason, after PROJECT funding, the Replacement Vehicle funded under this AGREEMENT does not perform according to what was submitted in the GRANTEE's application, or in conjunction with the application, or if the conditions of this AGREEMENT are not met, PCAPCD or CARB may require reimbursement of grant funds.
- B. CARB and PCAPCD have the authority to pursue any remedies available under the law for noncompliance with Moyer Program requirements and nonperformance of terms outlined in this AGREEMENT, in an effort to ensure emission reductions are obtained.
