ACTION REQUESTED

Approve the 2021-2022 Second Interim Report

BACKGROUND INFORMATION

By March 17, 2022, the district must submit the second interim report of its current budget to the Placer County Office of Education. The Board will review changes to revenue, expense and estimated ending balances. As of this Second interim report, the projected Reserve for Economic Uncertainty as of June 30, 2022 will be \$12,015,462 or 14.52% of total general fund expenditures. This is an increase of approximately \$721,376 from the adopted budget. This is mainly due to increases in revenues and savings from the 2020-2021 fiscal year. The multi-year projection (Form MYP) for 2021 - 2022 documents that the District will be able to meet Board Policy #3100 and its financial obligations in all three years. The attached financial report and narrative include details of all expenditure and revenue changes that have occurred through January 31, 2022. This information along with estimated ending balances will be reviewed during the presentation on March 16, 2022.
