**ACTION REQUESTED**

Approve Resolution No. 14-2021-2022 National School Counseling Week, February 7-11, 2022

**BACKGROUND INFORMATION**

School counselors are an integral part of the academic team at Tahoe Truckee Unified School District, and work with educators to help students realize their potential and set healthy, optimistic goals for themselves. We are very fortunate to have school counselors assigned to each of our schools. Our counselors advocate for students and are actively engaged in helping students explore their abilities, strengths and interests. They provide multiple opportunities for students to develop their social skills and explore their future educational and career goals. There is no doubt that our school counselors have a positive impact on the lives of our students.

Based on the tremendous impact school counselors have in helping students achieve success, and as part of National School Counseling Week, TTUSD's Board of Education will adopt a resolution to recognize February 7-11, 2022, as the Week of the School Counselor.

National School Counseling Week, sponsored by ASCA, highlights the tremendous impact school counselors can have in helping students achieve school success and plan for a career. National School Counseling Week is always celebrated the first full week in February.
