- B. Proposed change in compensation.** Provide a brief narrative of the proposed change in compensation, including percentage change(s), effective date(s), and comments and explanations as necessary

The TTEA salary schedule will be compacted by advancing TTEA members up to two (2) steps on the current salary schedule and then removing Step 1 and Step 2 from all columns on the current salary schedule. Column 7 Step 23 will receive an ongoing increase of 3.2% on the newly compacted salary schedule. All other remaining Steps and Columns will receive a 1.55% ongoing increase on the newly compacted schedule. TTEA will also receive an additional paid work day for professional development in the 2024 - 2025 School Year. Effective January 1, 2024, all TTEA members will also receive a \$427 annual increase to their Health and Welfare benefit contribution.

- E. What contingency language is included in the proposed agreement?** Include specific areas identified for reopeners, applicable fiscal years, and specific contingency language.

None

- F. Identify other major provisions that do not directly affect the district's costs, such as binding arbitrations, grievance procedures, etc.**

NA

- G. Will this agreement create, or increase an operating deficit in the current or subsequent year(s)?** An operating deficit is defined to exist when a fund's expenditures and other financing uses exceed its revenues and other financing sources in a given year. If yes, explain the amounts and justification for doing so.

The District will not experience an operating deficit in the unrestricted general fund as a result of this agreement alone. However, the District has not reached settlement yet with CSEA or unrepresented groups. The District anticipates a temporary deficit when these settlements occur. The District is also anticipating additional savings in 2023 - 2024 due to vacancies which may offset a portion of the deficit. In 2024 - 2025, the District is conservatively projecting a 3.25% property tax increase. If property tax revenues come in higher the deficit may be reduced. With the TTEA agreement the Reserve for Economic Uncertainty is 15.46% in 2023 - 2024 and 17.06% in 2024 - 2025.

H. Source of funding for proposed agreement.

Current year:

General Fund

How will ongoing cost of the proposed agreement be funded in future years?

General Fund

If multi-year agreement, what is the source of funding, including assumptions used, to fund these obligations in future years? (Remember to include compounding effects in meeting obligations).

I. Describe the financial impact on other funds affected by the proposed settlement -

Please describe any current and multi-year effects on any other Funds

All cost impacts are shown in the unrestricted general fund. It is assumed that salary increases to restricted sources and other funds will be absorbed by the Unrestricted general fund through direct contributions to those sources.
