

**EDUCATIONAL SERVICES**  
**Teacher on Special Assignment (TOSA)**

---

**Purpose Statement**

TOSAs will collaborate with district and school leaders to convey and uphold the district strategic plan for a culture of accountability which is tightly aligned with the district expectations of teaching and learning to support and increase student achievement.

**Essential Functions of TOSAs:**

**Instructional Leader (IL) Support**

- Support IL with planning and facilitating district release day meetings
- Communicate and collaborate with other staff and school leaders to ensure guaranteed and viable implementation of district initiatives.
- Support in the alignment of the written, tested, and taught curriculum across the campuses

**Data/ Assessment:**

- Assist in strengthening instructional programs through a strategically planned, standards-based approach with a focus on narrowing achievement gaps.
  - Support district intervention processes for **identified at-risk** students (literacy/math).
- Support Instructional Leaders in planning teacher meetings that focus on the collection and analysis of data to develop action plans for students most in need.
- Assists in the building of an effective district student data system.
  - Engage in ongoing professional growth to increase knowledge of and proficiency in the use of the district student data system.
  - Collaboratively trouble shoots issues with the district student data system with other district staff and departments as needed.
- Supports the implementation of a comprehensive district student data system.
  - Supports school site administrators and school site PLCs with timely progress monitoring.
    - Provides disaggregated data of assessment results to school sites.
  - Collaboratively plan and support professional development related to
    - data analysis
    - implementation of student data system tools
  - Collaborate in the analysis of data to support student learning and instruction.
- Use improvement science methods and current research to facilitate and support use of assessment results to improve instruction and intervention.
  - Support administrators and school staff in
    - integrating assessment practices in schools
    - continuous improvement cycles (PDSAs)
    - utilizing the district student data system
    - analysis of data to support student learning and instruction
- Collaborating and facilitating discussion about assessment (formal and informal) data to create viable and targeted action plans.
- Provides support in developing, implementing, monitoring, and sustaining a comprehensive assessment system.
- Supports Curriculum, Instruction Assessment Coordinator in the coordination of state and local assessments.
- Conveys district communication about assessment progress and changes to all stakeholders in the district
- Assists administrators and school staff in integrating district & school-wide assessments in schools.
- Assist with the on-going professional development of district staff in the use of district-wide reading and math assessment tools.

- Attend meetings as necessary for the development of district assessments.

#### Instructional Support

- Provide individualized, non-evaluative, classroom-based support to implement the district instructional framework using best teaching practices.
- Assist teachers in lesson planning using instructional best practices and differentiated instructional strategies.
- Model, train, and coach teachers to use effective teaching strategies.
- Support school site PLCs, if requested by the instructional leader.

#### Professional learning

- Collaborate with teachers to identify topics for professional learning about instructional strategies and practices aligned with district and site goals.
  - Provide timely and consistent non evaluative feedback to teachers based on clearly communicated goals for professional growth.
  - Provide support to strengthen instructional strategies and provide specific feedback using the coaching model.
  - Solicit input from key stakeholders to ensure the professional support is appropriate and responsive to the existing and emerging interests and needs of teachers.
  - Work directly with teachers in a school providing classroom-based demonstrations, collaborative and one-on-one support, and facilitating teacher inquiry and related professional development.

#### Induction

- Mentoring and guiding beginning educators based on the qualities of effective teachers, as well as the California Standards for the Teaching Profession (CSTP), California Academic Content Standards, state-adopted curriculum frameworks, state accountability systems, and the legal policies and obligations for teaching English Learners and special population students, including those in special education and alternative settings in a non-evaluative, confidential and timely manner.

#### Instructional Materials

- Review instructional materials and software aligned to the standards
- Coordinate instructional materials adoption with curriculum training
- Producing computer-based documents, memos, and training materials
- Demonstrate the use of appropriate contemporary technologies for teaching and learning
- Integrate technology to support use of assessment results to improve instruction and intervention

#### Other duties as assigned: contributions to the district community

- Engage in ongoing professional growth to stay current with the research related to assessment, intervention, MTSS, teaching, and learning.
- Seek opportunities to engage in school events, projects, and/or committees and make significant contributions to these, often taking a facilitator role.
- Participates in faculty/district committees, trainings and articulations.
- Other duties relevant to the successful implementation of the adopted academic programs.
