**ACTION REQUESTED**

Approve the proposed Letter of Support for the Tahoe Transportation District (TTD) grant application for the 2023 Transit and Intercity Rail Capital Program (TIRCP) for the “Keep Truckee Moving: Expansion and Electrification Project.”

**BACKGROUND INFORMATION**

The Town of Truckee has asked TTUSD to write a letter of support for their grant application through the CA State Transportation Agency’s Transit and Intercity Rail Capital Improvement Program (TIRCP). This program provides grants from the Greenhouse Gas Reduction Fund (GGRF) to fund transformative capital improvements that will modernize CA’s intercity, commuter, and urban rail, bus, and ferry systems to reduce greenhouse gases, vehicle miles traveled, and congestion.

The grant application requests funds for the “Keep Truckee Moving: Expansion and Electrification Project,” which requests funds for allocation towards improvements to the town’s microtransit program, including purchasing eclectic passenger vans, an app-based on-demand transit technology software, and public charging infrastructure at the Railyard Transit Center.
