ACTION REQUESTED

Approve Community Air Protection (CAP) Incentives Program Grant Agreement with Placer County Air Pollution Control District

BACKGROUND INFORMATION

The District was awarded a grant from the Placer County Air Pollution Control District for \$145,276.34 to purchase one (1) low NOx school bus. This project is funded by the Community Air Protection (CAP) Incentives Program. The CAP Incentives Program provides grant funding to projects that implement early actions to achieve emission reductions in excess of those required by regulation. For CAP funding, priority is given to projects that reduce emissions in impacted communities in Auburn, Kings Beach, Lincoln, Rocklin, and Roseville. The district is planning to purchase one (1) 2021 Thomas Built Saf-T-Liner C2 42/9+6 variable passenger bus totaling \$145,276.34. The pricing for this bus is based on a formal bid process performed by the Hemet Unified School District and their awarded contract to BusWest on June 23, 2020. The awarded contract included a clause allowing other districts to receive the same pricing (i.e., a piggyback clause per PCC 20118) for the 2020/21 fiscal year.
